## Jaycees Ask Salk Project

### Medicos to Talk With Supervisors

The Junior Chamber of Commerce last evening voted unanimously to ask the Ulster County Medical Society to cooperate in making available to all residents of the county, Salk polio vaccine on a clinical cost basis.

With an attendance of approximately 75 members, the Chamber went on record to ask the County Medical Society's cooperation so that all residents under 40 years of age might receive the polio shots.

It was estimated the shots could be given on a clinical basis for approximately 80 cents each, or a total of about $2.50 for the series of three shots.

**Offers Auditorium**

Mayor Stang, it was stated, had previously expressed a willingness to make available the Kingston Municipal Auditorium for the clinic and it was also stated the County Health Department had expressed a willingness to cooperate in every way possible.

The Junior Chamber of Commerce asks the public to request their doctors to support and establish a county-wide Salk program for the public, making it available at clinic cost to the residents of the county.

**AMA Spearheads Program**

Recently a program was advocated by medical authorities to make Salk vaccine available to all under 40 years of age.

Dr. Dwight H. Murray, president of the American Medical Association, speadheaded this program to make the polio vaccine available to all in that age group this year.

In a recent published statement, Dr. Murray asked all affiliated medical societies and physician members to develop a community vaccine program.

**Meeting Tonight**

A meeting is scheduled for this evening between the Board of Supervisors committee on public health and the Ulster County Medical Society Committee to discuss the program. The resolution passed by the Junior Chamber of Commerce last evening requesting a county-wide polio vaccine clinic program, available to all, will be presented to the committees, it was stated by a representative of the Junior Chamber of Commerce.

*Two Suggestions Received*

## Indication Is Labor Welcome on Committee

Possibility that the Kingston-Rhinecliff Bridge Dedication Committee might be enlarged to include area labor representatives was indicated unofficially today by Albert C. Kurdt, manager of the Kingston Area Chamber of Commerce and secretary of the bridge committee.

Mr. Kurdt was queried today by The Freeman about reports that labor organizations felt slighted in connection with bridge ceremonies.

**Felt Slighted**

In an article Wednesday in The Freeman a labor spokesman explained that feeling had flared up at the regular monthly meeting of the Ulster-Sullivan Building and Construction Trades Council in South Fallsburgh the night before.

Members of the organization considered a form of protest which would involve memorial services for employes who lost their lives during the construction of the bridge. Such services would be held on May 11—the day of the dedication. They would include the participation of local clergymen, tossing of appropriate wreaths from the bridge into the river which claimed the lives of three men, etc.

**Kurdt Statement**

Mr. Kurdt replied to The Freeman query as follows:

"In answer to your inquiry about memorial services for the steel workers who lost their lives while building the Kingston-Rhinecliff bridge, I can make the following statement:

**Had Tribute in Mind**

"The dedication committee formally considered this matter at a regular meeting on March 11 in Red Hook and it was decided at that time to include such a tribute in the dedication program.

"Several people suggested this recognition, including Frederic Snyder of Kingston and Mrs. Clayton R. Smith of 70 Elmendorf street in a letter dated February 27, 1957..

**Must Sell 4,000 Tickets**

"As far as union representation on the committee is concerned, as secretary of the committee I am not authorized to make any statement but I am sure the 22 men from both sides of the Hudson river who now compose the committee would be pleased to consider enlarging the committee at its next meeting on April 10 if a request is received from anyone who wishes to serve thereon.

"The committee must sell about 4,000 tickets to finance the celebration and would be pleased to receive all the help it can get —both selling tickets and arranging the program."

## Lions Exposition Will Have Record Number of Booths

One hundred fourteen booths —the largest number sold in its 10-year exposition history—was announced today by the Kingston Lions Club for its 1957 Exposition, which will open Tuesday evening, April 2, at 7:30 o'clock at the 156th Field Artillery Armory on Manor avenue.

The success of this annual event is evidenced in the amount of money realized each year. Over $65,000, proceeds from the expositions, have been distributed to charitable, educational and civic enterprises on the local level.

In addition to the sums raised each year for local benevolences, substantial awards are available for the thousands who annually visit the exposition.

Included in displays of the most modern articles of merchandise will be color TV, which will be demonstrated. Among the new booths this year will be the New York State Thruway Authority and the amateur radio display by the Mike and Key Club.

Miss Lois Middleton, 17, a student at New Paltz State Teacher's College, who was recently crowned Miss Kingston by the Junior Chamber of Commerce, also will be in attendance.

Mayor Frederick H. Stang will officially open the exposition by cutting the ribbon at the armory entrance Tuesday evening.

## Population Count Should Bring City More State Aid

A special census due to start April 1 should bring increased state aid to the city through an expected boost in population, Mayor Frederick H. Stang indicated in a statement released today on the census.

Every community in the state, he noted, gets state aid based on population, as determined by the last federal census taken in 1950, and Kingston now receives $6.75 per person.

"We all realize that there has been an increase in population since 1950," the mayor said, "and in order to make available to the city all funds it is entitled to, the administration contacted the U. S. Bureau of Census, and arranged to have the census taken."

The census is under direct supervision of the bureau, except that local persons are employed as enumerators and supervisors.

"It is believed that the results will show a good increase in population, which will mean additional state aid for the city," the mayor said. The cost, $4,320, is borne by the city.

### Study Urgent Message

Damascus, March 28 (AP)—The Syrian cabine held a 90-minute session today to study an "urgent message" from Jordan's King Hussein. Official sources said Hussein warned of "possible new Israeli aggression against one of the Arab countries" and suggested joint Syrian-Jordan measures to face such a possibility. Premier Sabri Assali interrupted today's meeting for half an hour to receive U. S. Ambassador James Moose Jr. There was no information as to what they talked about.

BEATEN—Sally Dawson, secretary to Stork Club owner Sherman Billingsly, is shown in New York where she said she was beaten by "labor goons" for making a photographic record of picketing activities outside the club. Miss Dawson said one of her jobs at the club is to take pictures and make recordings of the pickets' action from time to time to see they do not violate the law. (NEA Telephoto)

## Ulster Hose Has Training Program

Ulster Hose Company No. 5 is engaged in a busy program—in addition to its fire-fighting activities which in the past five days have included five grass fires and a mutual aid assist to the East Kingston Fire Department.

The company is now engaged in a Sunday fire training program, a weekly special training program on pumping and driving procedures to provide additional qualified drivers, and committee activities in connection with the annual convention of the Ulster County Volunteer Firemen's Association to which the company will play host.

## Mitchell Sees Need Of U.S. Aid

### Anti-Trust Laws Are Still Opposed

Washington, March 28 (AP)—Secretary of Labor Michell said today the administration is studying Senate Rackets Committee disclosures with the idea of tightening up government safeguards over labor union funds.

Mitchell told a news conference the unions themselves are moving to try to curb corruption but "they may need some help from the government."

**Stricter Regulations**

The labor secretary said his department is already considering various possible recommendations to Congress to require stricter financial data filing requirements on unions.

But he said he has always opposed, and still does, applying antitrust laws to unions, as has been suggested in industry quarters.

Referring to Teamsters' union boss Dave Beck, who invoked the Fifth Amendment in refusing to tell the Senate committee about his personal use of large sums of union funds, Mitchell said:

**Praises Group's Work**

"I believe the actions of Beck and some of his associates as disclosed before the Senate committee are reprehensible."

Mitchell said he thought "the Senate committee is performing a real public service."

The committee says its studies indicated Beck personally may have misappropriated $322,000 of union funds, and that there is no proper accounting for what has happened to over $700,000.

Over 90 million dollars a year flow into coffers of the giant Teamsters union.

**Hearings Suspended**

The senators have temporarily suspended public hearings while their staff aides seek to dig out data that Beck declined to supply on grounds that his answers might incriminate him.

Beck has gone back to his home in Seattle.

Beck, head of the nation's biggest labor union, left the witness stand yesterday a wilted Fifth Amendment witness facing possible contempt of Congress action.

**Beck not Through**

"We are not through with Mr. Beck," Chairman McClellan (D-Ark.), of the special Senate committee conducting the inquiry, told reporters, "he will be a matter of continuing interest to the committee and further testimony may be desired."

McClellan recessed the hearings indefinitely yesterday after accusing Beck of "flagrant . . . disrespect for honest unionism" and "arrogant contempt" for members of his Teamsters Union.

Beck declined comment on McClellan's tongue lashing. He left the capitol declaring he intended to catch the first plane westward to his home in Seattle.

**Not Going to Council**

He told the committee "I'll be able to come out of this clean and white 100 per cent" if he gets a chance to testify in a

*Second Disaster in Week*

## Fire in Poughkeepsie Does $150,000 Damage

The second major disaster within a week struck Poughkeepsie Wednesday as fire swept through a building in the center of the business district, causing damage estimated by firemen at upward of $150,000.

Five firemen suffered minor injuries or smoke poisoning in the three-alarm blaze, origin of which was still undetermined today.

**Restaurant Destroyed**

Firemen reported that the fire started in the basement of the Central Restaurant and destroyed the ground floor eating place.

Spreading flames destroyed a vacant store and gutted the Court Cafe. Smoke and water did heavy damage to the Balco Furniture Store. The New China Restaurant on the second floor above Central Restaurant was damaged by smoke.

**14 Families Driven Out**

Smoke drove 14 families from the third and fourth floors above the restaurants located at 233-235 Main street.

Five firemen suffered minor injuries or smoke poisoning in the fire which was first reported shortly after 1:30 p. m. They were Fire Captains Joseph Farrell and Van Nostrand, Fireman Thomas Noll and Charles O'Hearn and Volunteer Fireman Clifford Dors.

**Treated at Hospitals**

All were treated at local hospitals and released, it was reported. Capt. Van Nostrand and Fireman Noll were hurt when a floor collapsed, pitching them into the basement.

Mr. Nol suffered cuts of the face and bruises. Mr. O'Hearn had a torn ligament. Others suffered smoke poisoning.

Seven pumpers and two hook and ladder trucks were dispatched by the Poughkeepsie Fire Department. Area companies sending equipment were New Hamburg, Pleasant Valley, Fairview, Hyde Park, Highland and Arlington.

The first alarm came at 1:43 p. m., the second at 1:48 p. m. and the third at 2:38 p. m.

Eight persons, including a fireman, were injured—none serious-

## Egyptians Insist on Own Rules

### Dag, Committee Meet Later Today

United Nations, N. Y., March 28 (AP)—UN Secretary General Dag Hammarskjold returned to New York today for a busy round of conferences with diplomats anxious for news of his Middle East talks with Egyptian President Nasser.

Arriving at New York's Idlewild Airport, Hammarskjold said he hoped his talks with Nasser would "prove helpful."

**Statement Brief**

Hammarskjold refused to answer newsmen's questions but read this brief statement to them:

"When I left New York on Tuesday of last week, I went to have informal explanatory talks. I have had such talks in Cairo and only in Cairo. My talks in Cairo reached a point at which I felt it would be better to return to New York to continue similar talks in the United Nations. I hope the talks in Cairo will prove helpful, and that the talks here will also be useful."

In Cairo, meanwhile, Nasser's chief political aide, Wing Cmdr. Ali Sabry said in an interview that the Egyptian government "believes Hammarskjold is convinced of the soundness" of Egypt's position on the Suez Canal. Sabry said Egypt would allow no foreign supervision whatsoever of the canal's operation.

**To Meet Lodge**

Aides said one of Hammarskjolds first appointments would be with U. S. Ambassador Henry Cabot Lodge and that he would lunch with Canadian Foreign Secretary Lester B. Pearson and Norwegian Ambassador Hans Engen, both of whose nations are members of the Secretary General's seven-nation Middle East advisory committee.

Hammarskjold was to meet with the full committee this afternoon. The other members are Brazil, Ceylon, Colombia, India, and Pakistan.

**See Oral Pact**

Diplomatic sources in Cairo said Hammarskjold had reached an oral "gentlemen's agreement" with Nasser for UN emergency force (UNEF) troops to remain along the Gaza armistice line for the time being.

The informants said they believed the agreement included a promise from Nasser not to send Egyptian troops into the Gaza strip immediately and to take no action regarding Israeli shipping in the Gulf of Aqaba.

One Egyptian source said UNEF troops were in Gaza "enjoying Egyptian hospitality" and emphasized that more formal arrangements will have to be reached regarding their status. But it also was stressed that

GEORGE R. MUSTAPARTA

## Cancer Chairman For City Drive

The American Cancer Society has announced the appointment of George R. Mustaparta of 30 Wilkie avenue as 1957 campaign chairman for the city of Kingston.

Mr. Mustaparta, personnel and safety supervisor at Hercules Powder Company's Port Ewen plant, is well-known in local civic affairs. He is a director of the Cerebral Palsy Center, and a member of the Kiwanis Club; Industrial Management Club, Kingston Chamber of Commerce, and the Ulster County Civil Defense Council. An expert pistol marksman, Mr. Mustaparta belongs to the National Rifle Association, and is a charter member of the Nehackamack Rod and Gun Club.

Mr. Mustaparta, who is a graduate of the South Dakota School of Mines and Iowa State College, was also active in the 1956 cancer drive. This previous experience has given him an insight into the many varied phases of the cancer program, which can be accomplished only with the aid of funds derived from individual donations.

### *65,000 Commuters Stranded by Strike*

New York, March 28 (AP) — Trains of the Hudson and Manhattan Railroad stopped operating at 7 a. m. today, signaling the start of a strike affecting some 65,000 daily commuters between New York and New Jersey.

A walkout by five unions of non-operating employes went into effect when a train scheduled to leave Newark, N. J., for Manhattan did not depart, the railroad reported.

Stranded commuters in New York and Newark, Hoboken and Jersey City, N. J., began casting about for other means of transportation.

## *Move Made on Employment For O&W Men Losing Jobs*

The bankrupt New York, Ontario and Western Railroad was doomed to breathe its last Friday despite last-ditch attempts to pass a law designed to keep the line running.

This report came from the Associated Press at Albany, which said that one upstate community was studying how to furnish jobs for nearly 200 of its area employes of the road who would lose their livelihood.

The Assembly was ready today to give final legislative approval to a bill that would empower the Civil Defense Commission to operate the O&W if it considered the freight line essential to the state's defense system.

The commission decided Tuesday night that the O & W was not essential.

The Senate, over strong Democratic opposition, passed the bill yesterday, 37-20, on a strict party vote.

The bill would appropriate one million dollars for the Civil Service Commission to operate the line.

Democrats called this a "giveaway" and a "heck of a big price to pay for a few Republican votes."

Democratic Gov. Harriman told a news conference he would sign the bill if the Legislature sent it to him. Harriman emphasized, however, that he could "see no point" to the measure in view of the commission decision.

It was believed that the governor wanted to avoid any criticism

## *Meeting Is Set April 2 For Data on Junior High*

First in a series of informational meetings to explain the urgent need for construction of a new junior high school at Dietz Stadium will be held at a P-TA meeting at School No. 5 on Tuesday, April 2.

Announcement of the meeting was made today by Earl F. Soper, superintendent of Kingston city schools, who said the sessions are preparatory to a vote on the proposed school which will be held Tuesday, May 7.

"The purpose of these information meetings is to acquaint the parents and taxpayers of the city with the urgent need for the construction of a new junior high school at Dietz Stadium, as proposed by the Board of Education," Mr. Soper said.

A planned brochure will be presented to everyone attending these meetings, he said, and an exhibit showing a painting of the

## Hints Rich Widow May Have Been Addict Already

London, March 28 (AP)—Counsel for Dr. John Bodkin Adams drew an admission from a prosecution medical expert today that the rich old lady Dr. Adams is accused of drugging to death lived longer than might be normally expected after suffering a stroke.

Dr. Arthur Henry Douthwaite agreed under cross-examination that the wealthy widow "exceeded the reasonable prognosis of her expectation of life" by at least two years.

**Springs Surprise**

Earlier, defense counsel sprang a surprise by disclosing that the patient was given injections of morphine even before Dr. Adams took over the case—and suggested she might have already been a drug addict.

Adams, 58, is accused of fatally drugging the 81-year-old woman, Mrs. Edith Alice Morrell, to share in her estate.

Testifying for the prosecution, Dr. Arthur H. Douthwaite, senior physician at London's famous Guy's Hospital, was asked yesterday for his opinion of the massive doses of heroin and morphine that Dr. Adams prescribed for Mrs. Morrell.

"The only conclusion I can come to is—that the intention was to terminate her life," Dr. Douthwaite said.

## Fast Camera Makes Record on Missiles

Chicago, March 28 (AP) — Bell & Howell announced today it is manufacturing under Navy contract a new missile-scoring "POD" for determining how and why a guided missile hits or misses its aerial target.

The camera-making firm said guided missiles and their drone targets fly at velocities too fast and altitudes too high for human calculations. It said a photographic record of each test is the only practical means of evaluating it.

Each "POD," mounted on the wingtips of a target drone, such as a larger missile or a pilotless plane, contains four high-speed 16 mm. Bell & Howell cameras operated by remote control.

The eight cameras—four to a "POD" on each wing—provide complete spherical coverage of a missile's flight at it nears its moving target.

Actual scoring of missile behavior is done by assessing the film records against suitable grid coordinate charts. Data thus obtained shows missile trajectory, miss-distances, and other functional characteristics.

The cameras are watertight and fitted with 142-degree wide angle lenses.

## Colon Enters Plea Of Guilty to Illegal Practice

Frank Colon, 30, of 101 Abeel street, who was arrested March 14 on a charge dealing with unlawful practice of dentistry, pleaded guilty today before City Judge Raymond J. Mino, and was sentenced to 30 days in jail, the execution of which was suspended.

Colon, who was arrested after investigation by state officials, was charged with illegally making dentures. He was represented by Attorney John E. Gotelli in court today. Robert A. MacKinnon represented the district attorney's office.

**Didn't Realize Violation**

A native of the Dominican Republic, Colon said he had gained experience in mechanical denistry "in the old country," and it was indicated that he failed to realize that he was acting illegally when he made the dentures. He was advised that in the future he must practice through a licensed dentist.

Attorney Gotelli informed the court that Colon had experienced serious sickness in his family, and appeared not to realize that his making of the dentures would bring trouble with the law. The charge is a misdemeanor, and is listed as a violation of the state education laws.

Colon has been employed for some time at an area mushroom plant, authorities said.

A charge of operating a vehicle without a license lodged against Lester Green, 30, of 47 East Union street, yesterday afternoon was dismissed in court today, when the registration was procured. He was arrested at 1:50 p. m., on Broadway by officers Anthony Turck and Julius Glassman.

## State Taxpayer's Aid Is Available

A state tax representative will be in attendance at the Ulster county sheriff's office in the Court House on Wall street daily through April 15 to assist state income taxpayers who need help with their 1956 returns due April 15.

State tax returns must be filed by all single persons with net incomes of $1,000 or more and by married couples with joint net income of $2,500 or more. Net income means gross after deductions but before taking exemptions.

Taxpayers are reminded that a reduction has again been authorized—15 per cent of the first $100 of tax and 10 per cent of the next $200 of tax.

## State Equalization Rate for Rosendale 18

A tentative 1956 state equalization rate of 18 for the village of Rosendale was reported today by the State Board of Equalization and Assessment.

A hearing on the rates for Rosendale and seven other villages receiving rates will be held at the Equalization Board's office, 107 Washington avenue, Albany Thursday, April 18 at 10 a. m.

## Think It Through

By E. F. HUTTON

LET'S TAKE A CHANCE

A bill is before Congress to establish a Government lottery. Before you make up your mind to be against any such idea, read the article on gambling in the February "MERCURY" magazine.

This article estimates that 30 billion $'s are gambled in the United States every year, most of which are on chances that are rigged against those who participate. This gigantic sum is three times that spent on medical care, and nine times what is spent to support churches, Boy Scouts, Y.M.C.A.'s, etc.

MR. HUTTON

England, France, Norway, Holland, Belgium, Canada, Italy, Japan, Greece and most South American countries have national lotteries of one kind or another.

Our State governments have adopted the main idea of obtaining public revenue from a tax of 10 to 20 per cent on race track bets. Same with the Federal slot machine tax.

Millions gamble and most of it goes down the drain to enrich the professional operators. This has gone on for thousands of years in every country in the world.

Why not let the desire "to take a chance" work for the benefit of all the people by reducing the National debt?

If Government doesn't blush on getting tax money from gambling, or by taxing the income of racketeers, why should there be prejudice against an honest lottery run by Federal Treasury officials?

The moral side of the question is on the side of paying off our National debt. That helps everybody.

## Census to Begin April 1 in Area

Final preparations are being made this week for the start of the special federal population censuses in Dutchess, Ulster, Orange and Sullivan counties on April 1.

Special censuses will be conducted in the towns of Saugerties, Woodstock, Ulster, Hurley, Marbletown, Rosendale, New Paltz, Lloyd, Plattekill, the city of Kingston and village of Ellenville.

**Headquarters in Poughkeepsie**

Supervisor G. Paul Sylvestre of the temporary U. S. Census Bureau field office at Poughkeepsie, headquarters for special census activities in this area, announced today that final preparations are being made for the census.

Crew leaders are engaged in checking maps, preparing enumerator assignments and plans for the enumeration and selecting and training enumerators. Emphasis in the enumerator training is placed on the importance of locating every dwelling unit and obtaining information about every resident.

**Information Confidential**

Information to be collected in the special censuses includes the name, relationship to head of the household, age, sex and race of each person whose usual place of residence is in the area being canvassed. All information furnished to the Census Bureau is kept in strict confidence in accordance with the law and only satistical totals are published.

Supervisor Sylvestre stated that the census taking will be facilitated if persons who are usually away during the day or who expect to be away during the census period, will leave information about each member of their families in a sealed envelope with a neighbor. The census is exected to be completed within three weeks from the April 1 starting date.

**April 4 Is Special**

Thursday, April 4, has been designated as Special Enumeration Day. On the afternoon of that day, crew leaders and specially trained enumerators will visit hotels, motels, missions and other transient residences and distribute a special questionnaire known as "Household Census Report" forms. Only permanent residents of these places or persons residing there temporarily and who have no other permanent residence will be asked to fill out the Household Census Report forms which will be picked up by the census takers the next morning.

The special censuses are being taken at the expense of the local governments under New York state's new state finance and general municipal law providing for use of results of special censuses to determine allocation of state assistance payments. Under this law, an increased population shown by a special census will entitle local governmental units to consideration for a larger share of state tax funds which are distributed on a per capita basis.

## MIGHTY SHORT MEMORIES

A good many capital observers are declaring these days that President Eisenhower's leadership over the members of Congress is faltering and they are going their own way.

They say he isn't assertive enough in promoting his program, that he doesn't crack the whip on Capitol Hill, that his steep budget has cost him popular support and that, in any event, he is a "lame duck" who can't run for re-election in 1960.

Consequently, they add, the lawmakers are following their traditional course under such circumstances. They are falling into factions and allowing themselves to be pressed heavily by local and regional rather than national concerns.

It is said, too, that when they climb a platform anywhere in the land they seldom nowadays bother to mention Mr. Eisenhower's name, having concluded there is no further political magic in it for them.

This could be a risky route to travel. To begin with, the newest public opinion polls show the President's popularity only slightly below recent record high levels.

Secondly, the lawmakers might remember that neither the Republican nor the Democratic rank and file candidates won much of an endorsement at the polls in 1956 or earlier elections.

Mrs. Eisenhower was the only one for whom there was great and widespread enthusiasm.

Those who think this enthusiasm has now waned do not appear to offer much striking evidence. If they cut themselves adrift from the President, even though he be a "lame duck," they may be doing more harm than good to their future political chances.

The record indicates that Mr. Eisenhower was not an "assertive" leader in his first term, in the sense that he bossed Congress around and snapped the whip. Whatever the historians and other detached observers may conclude about his leadership, the fact remains that on the basis of his record he was re-elected last fall by a margin of 9,500,000 votes.

Since the voters did not shower any such heavy rain of votes upon the senators and representatives who faced them, one might imagine some at least would have doubts about the wisdom of cutting ties to him.

The President, in the view of most, won re-election as a man people trust. But it isn't easy to separate a man and his program. Just possibly, voters may expect Congress to support him on this whether or not he exercises strong initiative. Surely the wiser heads in both parties will move cautiously before consigning him to political limbo.

---

President Eisenhower's common cold received enough publicity to make it the most uncommon cold in history.

---

GOVERNMENT NEVER GETS OUT

Senator Byrd has a habit of going to the heart of matters in his public statements. He has done this in his analysis of the proposed $71.8 billion federal budget.

Much of the increase, he says, is accounted for by an increase in civilian domestic spending. The budget would provide for federal grants to states in 13 new fields, bringing to 67 the number of such activities in which the federal government is involved. Total contributions would be $4 billion.

This has much more significance than its inflationary influence on one year's budget. For, as Senator Byrd states, "Once the federal government gets into a field it never gets out and it inevitably increases from year to year." So, if these budget proposals are approved, we will have established a precedent leading to ever-increasing spending in the year ahead.

### THE FASHIONS CHANGE

When we were all young, it was fashionable to have appendicitis and many died of it. Then they changed its name to an appendectomy and blamed it all on castor oil. Now not so many die of it. Instead now one has various forms of heart ailments, not the romantic kind that comes from unrequited love but the physical kind that comes from eating the wrong kind of foods.

Back when I was young, politicians smoked cigars, generally the two for a quarter kind, as that marked a man off as having moved a step up the ladder of life, the nickel cigar being for the common people. Nowadays, even the most advanced gentlemen in public life smoke cigarettes, unfiltered or filtered, the ordinary size or king size, but according to the doctors cigarettes could give you cancer. It used to be that cigarettes stunted the growth. A youth who smoked "coffin nails," as they were called, was not supposed to grow to be tall and to have hair on his chest.

Women did not smoke—certainly not in public. Of course, there were always the wrong kinds of women who should have been ashamed of themselves. They also put rouge on their cheeks which was the trade mark of an unmentionable profession that every boy learned about from other boys and contact with which was a sure cure for pimples and blackheads. If a girl became one of those, she was not called a celebrity but was sure to meet a fate worse than death.

It was a very good era that worshipped robustness. A woman who had less on her frame than Jayne Mansfield was regarded as unsafe to marry lest she be susceptible to tuberculosis which was called consumption. When the doctors fancied up the names of these sicknesses, they charged more to cure them. Consumption was something to be feared, as many got it and it was one of the great revolutions in medicine when it was discovered that fresh air, eggs and milk were the best cure.

Nobody had yet discovered orange juice. In fact, oranges were a fruit that showed up around Christmas time. They were small; their skin was pitted; and one ate them gingerly lest their juice squirt into the eye. There were no grape-fruits. When orange juice was invented, squeezers came on the market. Nobody knew anything about vitamins. People drank orange juice because it tasted good. Before that, they ate stewed prunes and apple-sauce. In fact, in some parts of the country, apple-pie was eaten for breakfast. Nobody was afraid of getting fat. The doctors had not yet discovered that obesity was a disease, although gluttony was a sin.

Ice cream was bought in a candy store. Nobody bought ice cream in a drugstore. Candy stores were generally run by Germans who also managed the better bakeries and restaurants, although the fanciest places were supposed to be French. Nobody objected to immigrants earning a living except in some places there used to be prejudices against the Irish, of whom it was said that they made the best household servants. Prejudices were regarded as normal among human beings who were accepted as imperfect and were not expected to be gods on earth.

In fact, the most amusing humor was the dialect story and such really great actors as Joe Weber, Lou Fields, David Warfield and others of that generation built their careers on dialects, the most popular being the German, the Jewish and the Irish. Today the dialect is more or less dead, having been killed by Hitler-scared small minds who are so lacking in a sense of humor that they can no longer laugh at themselves. Nevertheless, the dialect is so natural an expression of human fun that when Menasha Skulnik plays on Broadway in a Bronx-bred sing-songy English, it is hard to get tickets at any price. Of course, dialects change and the kind one hears nowadays, either authentic Brooklyn or third generation Bronx, is very different from the curious language of my childhood called English.

One can think of those good, unhurried old days with some nostalgic sentimentality—particularly when one recalls a world without real hate in it. Who expected a Syrian peddler to sell an authentic Oriental carpet? Did we have to hate him because he tried to make a dishonest buck?

### THE PROBLEM PATIENT

"Physicians are increasingly concerned with patients having functional (abnormalities in the way an organ functions or works) symptoms which resist the usual methods of treatment or change constantly in nature and variety, in seeming defiance of the physician's efforts." Therapeutic Notes, issued by Parke, Davis & Co., goes on to tell us that it is possible to diagnose or at least strongly suspect functional illness by careful observation of the patient and sensitive interpretation of his behavior. None of the signs constitutes infallible evidence and common sense evaluation is necessary. Thorough understanding of the patient and his illness enables the doctor to institute the most promising methods of treatment. Furthermore, he is better able to single out, early in treatment, those patients who will require psychiatric care.

Problem patients present different facets although certain characteristics seem fairly common. They have been described as "sharing the constant presence of some bodily symptom. They tend on the whole to be a restless group and this has occasionally earned them the name 'clinic chopper.' They nearly all seem to feel that it is to do themselves a disservice to tell their past medical history at all completely or accurately to the new doctor they consult. They take the attitude that all the doctors they had in the past were wrong and they seem to feel that it would prejudice their position with their new doctor to tell of their past medical contacts. Occasionally they produce slips of paper on which they have listed their symptoms. They have fairly definite ideas on what they should not be treated with and a certain fierce pride in having been tried on some new and special medication. They seem always to excite first curiosity, then disappointment, then irritation and finally despair in their doctor."

Probably the most common cause of functional illness is anxiety which may be described as chronic fear. Fear, therefore, is the patient's unrecognized motive. "The reactions to fear, and the unsuccessful efforts to contain it or eliminate it, produce the psychological states and symptoms. Fear lurks under the complexity of disease."

Although there is much overlapping, these patients usually fall into several easily recognized groups. Some patients unconsciously betray driving anxiety by talkativeness which may prove extremely trying to the physician. It takes considerable patience, tact and skill to obtain information from the unceasing, often disconnected talk of some patients. Many of these patients, whose anxiety is unrelieved by the office visit, will telephone their doctor with unreasonable frequency and at unreasonable hours. A variation on this theme is the overinformal patient who carefully reads articles in magazines and newspapers regarding his illness or whatever he may fancy his illness is. He has an undigestible mass of misinformation which may yield in good time to repeated discussions with the doctor.

A more difficult problem is the patient who is suspicious, aggressive, hostile or openly antagonistic. For the physician to meet anger with anger is to fall into a trap. Confronting the situation openly and as calmly as possible, an attempt should be made to find out the reasons for the unreasonable attitude. It is helpful to remember that such anger covers or is a defense against anxiety from any source.

## Poor Substitute for a Surgeon

# Washington News

By PETER EDSON
NEA Washington Correspondent

Washington—(NEA)—George Padis finally broke through President Eisenhower's growing boredom with steak the other evening by means of a secret mushroom sauce. Ike invariably gets steak when he eats out because his diet prohibits rich or exotic meat dishes.

George is manager of the officer's club at NATO naval headquarters in Norfolk, Va., and had to serve dinner to the President when Ike passed through on the way to Bermuda.

George figured the President was probably tired of steak so he trotted out his famous mushroom sauce.

At the first bite the President's face lit up with pleasure. Afterwards he sent a messenger to George asking for the sauce recipe.

George sent the reply: "The only way to duplicate that sauce, Mr. President, is come back and eat with us again."

Ike promised to return soon.

**OTHER NIGHT** a group of rubber manufacturers threw a big party for members of Congress and displayed some new-type boots, among other things. One of the rubber officials there coaxed 89-year-old Theodore Francis Green (D.-R.I.) to try on a pair.

When the gay bachelor-senator had removed his shoes he noticed a group of young ladies watching him interestedly. He rose, bowed deeply and said:

"I know you charming young ladies will pardon this indecent exposure of my socks, but it only will be temporary."

**GENIAL TREASURY** Secretary George M. Humphrey sits behind a big, four-inch-in-diameter eight-ball on his polished and usually clean mahogany desk. It's just a gag, but it's also a trick gadget. Turn it over, and there's a little glass window which shows an inky liquid bubbling around. Shake it, and this "crystal ball" reveals little messages like, "Yes," "No," and "You'll Get in Trouble if You Do That."

"This," kids the secretary, "is how we make the decisions."

**THE BIG JAMESTOWN,** Va., tercentennial this year, which is going to attract a visit from Britain's Queen Elizabeth, has maneuvered the Joint Chiefs of Staff into a protocol-security problem.

June 12 is the date set for a gigantic naval review at Hampton Roads off the Virginia coast, as part of the celebration. Carriers, battleships, cruisers, submarines and other large combat ships of 27 countries are supposed to assemble for the event.

Trouble is, a JCS eagle-eyed staff man points out, this violates U. S. fleet rules for maintaining dispersal to avoid a second Pearl Harbor. In the past this rule has been observed even during Christmas holidays.

"If this event is staged it's like sending an invitation to the Russians to destroy a big hunk of our Atlantic fleet plus the fleets of our allies with one bomb," says this JCS expert.

**DIPLOMATS** are supposed to be masters of the art of fooling people. But that obviously doesn't apply to fooling their own wives.

Groups of young attaches here organized a club called the "Silverfish" with the secret goal of doing some stag wining and dining. But when their wives got wind of it the "Silverfish" constitution was amended in a hurry to include the ladies.

That's not as bad as it sounds, though, because most of the charter members of the group, like Turkish Press Attache Altemur Kilic, have the best-looking wives in town.

**SUBJECT OF** plush drinking and eating aboard transocean aircraft was being discussed heatedly at the Italian embassy the other evening with each national putting in a plug for the airline of his own country.

"But aboard Lufthansa we serve only one bottle of champagne and one meal between Shannon and New York," a German boasted.

"What's so good about that?" asked a Frenchman who had been extolling the cuisine of Air France.

"One continuous bottle of champagne and one continuous meal," the German explained.

**PROPOSED** feed grain legislation reminds Rep. Coya Knutson (D.-Minn.) of two farmers who were talking things over. Said one: "I hear you sold your pig?"

"Yep, sold it this morning for eight dollars."

"That doesn't sound like much. What did it cost you to raise it?"

"Eight dollars."

"Didn't make much did you?"

"Nope," replied the farmer cheerfully, "but I sure enjoyed its company all summer."

# Missiles Agreement Seen As Meat of Bermuda Talks

By DAVID LAWRENCE

Washington, March 28—In the parlance of the football stadium, the thing to do is to watch the man with the ball. It's the same in the world arena.

Side issues, such as whether Britain and America reached a complete or incomplete understanding on a course to be pursued in the ever-changing Middle East, are not half as important as what was done directly by the two governments to deter Soviet Russia from starting a third war. Not all the news of what transpired at Bermuda has come out because much of it concerns military planning for defense, but the three most important results of the Eisenhower-Macmillan meeting now may be stated as follows:

1. The United States and Great Britain have answered Premier Bulganin's recent threat to use guided missiles against Britain. Guided missiles will be made available by the United States for the first time to England's military forces to use in protecting themselves.

2. The United States, for the first time also, becomes an active and co-operating partner in the military planning to be done by members of the Baghdad Pact—namely, Britain, Turkey, Iran, Iraq and Pakistan, two of them bordering directly on the Soviet Union.

3. The United States and Britain see eye to eye at last on the wisdom of keeping Communist China out of the Security Council of the United Nations.

There are no secret understandings or agreements between America and Britain, but there are attitudes reflected in the recent discussions which can be of far-reaching importance in world affairs.

### Agree on Red China

Thus the British government does not intend to change its own policy, which recognizes the Peiping government, but at the same time no effort will be made by Britain to back Red China's effort to replace Nationalist China on the UN Security Council. British officials have made it clear that they now better understand America's position and, judging by the way the Afro-Asian bloc has been behaving inside the UN, the British do not see that the cause of the free world will be aided hereafter by letting Communist China become a permanent member of the Security Council.

This is a gratifying development to Americans. While the British still hope for an abatement of some of the severe restrictions on trading with Red China, they do see the wisdom of keeping the Peiping regime out of the Security Council. For, after all, the UN itself in 1951 formally declared Red China an aggressor and nothing has been done since by the Peiping government to atone for its many international crimes.

### Answer to Russia

The sending of guided missiles to Britain by the American military establishment is of transcendent importance. Premier Bulganin on Nov. 5, 1956, wrote to Prime Minister Anthony Eden denouncing the British-French military action in the Suez area, and added:

"In what position would Britain have found herself if she herself had been attacked by more powerful states possessing every kind of modern destructive weapons? And there are countries now which need not have sent a Navy or Air Force to the coasts of Britain but could have used other means, such as rocket technique."

This was widely interpreted at the time as meaning that, if the British and French didn't withdraw their troops from the Suez area, the Soviets might feel justified in using rockets or guided missiles against London and Paris. What the Soviets could threaten once, they might threaten to do again. But the British and French have had no guided missiles for defense. Hence the United States has agreed to provide them to Britain at once, and it is hinted that France also will get them soon.

### Importance of Move

The world doesn't know the whole story yet about guided missiles, and there are varying reports as to how far advanced the development of this weapon really is. But certainly short-range missiles for defense are already being produced in quantity. They can intercept other missiles and planes. When long-range missiles for offense are perfected in a few years, they will play a devastating part in any future war.

So, while there is much in the press about the friction in local areas like the Middle East, the big developments are in the military position of the Soviet Union as against the Western powers. The Moscow regime has just reacted sharply against allowing guided missiles to be used—by the North Atlantic Treaty Organization—from bases in Norway, which is a member or NATO. This is a very significant development in the "cold war" and indicates that Soviet Russia is well aware of the importance of the guided missile in that area, especially when Norway has about 120 miles of border alongside Russia itself. The Soviets, too, are keeping their eye on the ball.

# Annuity Payments Are Bigger, Dollar Smaller

By SAM DAWSON

New York, March 28 (AP)—A living example of what is happening to savings and income in this inflationary century is reported from Los Angeles. It's a story that's all glowing on the surface but may have some disturbing shadows underneath.

Miss Sarah A. Walker, now 104, has been getting income payments regularly for 38 years from three small annuities she bought in 1919 when she was 65. Since she happily has long since survived the life expectancy averages on which the annuities were based she has by now collected $2.50 for each $1 she invested then.

### 'Startling Changes'

That's very pleasant for her and even the insurance companies who sold the annuities aren't complaining. They wish her many more happy returns—and income checks.

But the 38 years have seen some startling changes to that money and to the economy in general—not to mention life expectancy tables.

In 1919 when Miss Walker bought the annuities her stated purpose was to increase her income. Doubtless she felt the need for that more keenly just then because the inflation that accompanied and followed the First World War was in full swing. The first income checks she cashed in 1920 didn't buy her as much at the store as the money she invested just a year before, and bought her far less than she could have got in 1914.

### Income Check Shrivels

But that changed quickly and for most of the years between 1920 and 1933 Miss Walker was getting bigger and bigger at-the-store returns on her fixed income.

From that time on, alas, with few interruptions, her income check has shriveled steadily at the store.

The government's consumer price index takes the 1947-49 average as 100. That puts the cost of living index in 1919 at 76.9. In 1933 it had sunk to 55.8. But since then it has more than doubled and now stands at a record 118.7.

In other words, the purchasing power of the dollar has dropped so low that if Miss Walker's annuity payment was $76.90 in 1919 when she invested, she would have to dig up an extra $41.80 today if she wants to buy as much at the store.

### Economical Change

The economy she knew in 1919 has changed just about as startling as the value of her dollar.

There were 105 million Americans then and the total dollar value of the goods and services produced that year came to 84½ billion dollars—or figured at present prices some 110 billion.

Now there are some 170 million Americans and they are expected to turn out a gross national product of 430 billion dollars or more this year.

When Miss Walker invested her money there were fewer than five million Americans her age, 65, or over. There are now perhaps 14 million in that age bracket—and most of them also are living on some form of fixed income, whose purchasing power has gone down like hers.

### Oldest on Roster

In 1919 the average length of life for women in this country was around 55 years—she already was 10 years past that. By now it has risen to 73 or 74. And at 104 Miss Walker can laugh at the averages.

While she is the oldest person on the annuity payment roster, she is not lonely there. The Institute of Life Insurance says there are 600 persons 95 years or older who are getting annuity payments, and 40 are 100 or more.

Most of them have got back at least twice as many dollars as they invested. Their only complaint could be in what's happened to the dollar's purchasing power.

# WALLKILL NEWS

## LegionMembersAttend CountyMeetingMonday

Wallkill, March 27 — The county meeting of the American Legion and its auxiliaries was held at the American Legion Building, Kingston, on Monday evening. Those attending from the Ladies' Auxiliary of Rose-Sheeley Post were Unit President Mrs. Kathleen Birdsall, Mrs. Mae Terwilliger, Mrs. Marie Flockhart and Mrs. Florence Morehouse.

Mrs. Irma Coty of the Ellenville unit presided at the meeting in the absence of county chairman, Mrs. Edith Schaffer.

It was voted to present the name of Mrs. Betty Sanford from the Esopus unit as a nominee for third district vice chairman at the spring conference this year.

Other business included the reports of the various county committee chairmen and tentative plans for the next county meeting to be held in town of Ulster.

Members of the Ladies Auxiliary are also reminded of the food sale of the unit to be held Friday, at Poole's Variety Store, Wallkill, beginning at 12 noon. Anyone desiring to order food should contact the chairman, Mrs. Anna Lown, before Friday. Also on the committee serving with Mrs. Lown is Mrs. Teresa Margraf, Mrs. Florence Morehouse, Mrs. Catherine Sowa and Mrs. Nettie Daley. All members have been asked to furnish articles for the sale.

The magazine drive is still being conducted by the Cowles Publishing Co., and the auxiliary unit is most appreciative of the cooperation from the residents of Wallkill in their annual fund-raising event of this kind for the hospital equipment provided by the unit for the Loan Closet in Wallkill.

## $259 Is Collected Here In Heart Fund Drive

Wallkill, March 27 — Mrs. George Geyer has received a tentative report of the Heart Fund collections in Wallkill for the 1957 Fund Drive which was recently conducted in February, in the village of Wallkill. Collected from the plastic hearts was $48.20, Memorial Contributions were $18 and the house-to-house canvass netted $193.34, making a total sum from Wallkill of $259.54.

This is not a complete report, however, Mrs. Geyer further stated since she has been notified by Ulster county chairman, William Keyser that many individuals contributions have also come in from the letters of appeal sent to residents of Wallkill.

A complete tabulation will be given by Mrs. Geyer, when she has complete information available.

## Knights of Pythias Will Hold Dinner April 24

Wallkill, March 27 — Tickets will go on sale shortly for the semi-annual roast beef dinner of the Ivanhoe Lodge, Knights of Pythias. All members of the lodge will be selling them for both servings at 5:30 and 7 p. m. The dinner will be held in the Reformed Church Hall and the usual good menu has been planned by the men of the lodge for Wednesday, April 24.

## ReformedChurchNotes

Wallkill, March 27—Thursday evening at 7:30 p. m., regular choir rehearsal will resume at the church. All members are asked to attend since the group has now begun the extra rehearsals for the "Crucifixion" to be sung by the choir during the Easter season.

Friday at 8 p. m., the congregation of the Wallkill Reformed Church has been invited to attend a musical program at the Ellenville Reformed Church by the Central College Choral Group, at 8 p. m.

Saturday, the Young Adult Meeting will be held and the Progressive supper will begin at the parsonage at 6:45 p. m.

Members of the congregation are asked to return their missionary shirts or aprons to Mrs. C. Decker or Mrs. D. DuBois.

Sunday at 10 a. m., regular Sunday school will be held and the worship service will follow at 11 a. m. with the Rev. Walter N. Van Popering, officiating.

At 8 p. m., the union Lenten service will be held at the Wallkill Reformed Church. The Rev. John M. Tysse, a former minister at New Hurley, now at Catskill, will be the guest Lenten speaker and deliver the pre-Easter message.

April 7, the union Lenten service will be held at Shawangunk with the Rev. W. Jamieson as guest minister and on April 14 at the Walden Reformed Church, the Drama Club will present a Lenten drama to conclude the area services.

### Dry Rains

Richmond, Va. (AP)—Richmond police said a three-week rainy spell brought unusually dry conditions for those who consume illegal liquor. An officer, who said he hadn't seen an illegal bottle for a week, said the rains prevented moonshiners from operating stills, "working" mash or getting it out of their swampy hideouts.

## Miscount

St. Paul, Minn. (AP)—It may be the end of slogan, but Minnesota, the land of 10,000 lakes, may have as many as 16,000. The state division of waters has a new aerial survey underway to count the lakes and it is using a slightly different system. Now all bodies of water 10 acres or more are being counted as lakes, whereas prior surveys counted only those of 25 acres or more.

# CP Group Hears Talks on Methods In Education

Progress in the development of modern methods and techniques in the education of cerebral palsied children were discussed at a statewide workshop held at the Hotel Thayer, West Point, last weekend.

More than 100 teachers of New York state, engaged in special education of children with cerebral palsy, participated in the workshop.

Representatives from the area attending the workshop included the entire staff of the Ulster County Cerebral Palsy Center, 400 Broadway, several public school teachers and a group from the Association for Help of Mentally Retarded Children.

**Cooperating Agencies**

The sessions were sponsored by the Bureau of Handicapped Children, Division of Pupil Personnel Services, New York State Education Department, in cooperation with the United Cerebral Palsy Associations of New York State and the New York Institute for the Education of the Blind.

The educators conferred with state officials, agency leaders and educational specialists on the problems and prospects of the professional area of their particular concern.

**Special Education**

The Friday program of the workshop afforded participants a series of discussions on various areas of special education.

The conference is the second such statewide meeting sponsored during the last three years by the three cooperating agencies to provide teachers in special education of children with cerebral palsy a forum for mutual exchange of professional experiences and consultation with authorities in education, community and scientific resources for assisting pupils suffering this special disability.

# Set of 800 Is South's Fault

By OSWALD JACOBY
Written for NEA Service

A Bridgeport correspondent wants to know whether North or South was responsible for the 800 set on today's hand.

West opened the five of clubs and dummy's king fell to East's ace. Clubs were continued and South trumped the third lead and played three rounds of diamonds. The third diamond was trumped in dummy.

A heart lead was won by East's ace. East led the fourth club and South and West discarded hearts. Now East led his singleton trump whereupon there was no way for declarer to avoid the loss of two trumps and another heart. This gave the defense seven tricks and 800 points.

I have to give all the blame to South. North's raise was terrible but he got away with it. No one doubled two spades and he had succeeded in pushing East and West up to the three level. At that point East and West were overboard. True, if East went to three diamonds he could make that contract by double dummy play but the odds would be greatly against him. As for any other three contract there was no real chance.

Now let us go back to the South hand. South had a sound overcall but that was about all He had a balanced hand with losers all over the lot. Futhermore, he had excellent defense against his opponents. The ace of diamonds was a sure defensive trick and the ten and eight of diamonds were bound to prove annoying to declarer.

Common sense and prudence should have told him that his best chance for a profit was a pass, not a bid.

## Russian Teens Seek Jobs

Moscow, (AP) — Russian teenagers who wish to work are having trouble finding jobs says the "Literary Gazette." Most industrial plants refuse them because they require training, work two hours a day less than adults, and frequently leave to seek higher education.

# Weekly Food Review

(By The Associated Press)

Shoppers who have grown accustomed to seeing beef featured at their favorite supermarket or neighborhood store will find a change in the meat supply situation this week with chickens taking over the most prominent position.

**Chickens Featured**

Fryers and roasters, anywhere from 2 to 6 cents a pound cheaper than a week ago, will be the special in many stores. This is unusual at this time of year, and the situation was brought about in part, meat men say, by the heavy snowstorms in the midwest's lamb and beef-growing areas earlier this week.

Lamb, anywhere from 2 to 12 cents higher in many areas, is featured in only scattered localities. Beef, too, is not nearly as popular as usual for the special feature treatment. This probably accounts for more numerous mentions of veal, pork and ham, too.

**Higher Pork Prices**

Pork prices are expected to be higher this spring, since hog slaughter is running 15 per cent behind last year. Higher prices in the next few months will bring eventual relief, however, as farmers send more pigs to market because of prices that are attractive to them.

Turkeys, on the other hand, are expected to maintain their recent low levels, and may well go even lower in price. Production of gobblers continues to soar, and the markets are still affected by 1956's record crop.

Record packs last year also mean low prices for certain types of canned food such as sweet corn, peas, tomatoes, peaches and fruit cocktail.

**Vegetable Outlook**

Fresh vegetables, on the outstanding buy list in most areas this week, include storage potatoes, root crops like beets and rutabagas. Iceberg lettuce is higher this week and shows indications of being more expensive next week. Cabbage also is less of a bargain this week.

Pascal celery, beans, onions and such greens as kale, spinach and collard also are good buys. Cauliflower is a bit lower, but still only moderate in price. The gradual decline of asparagus prices as the crop comes to market continued, but the spears are not yet rated as good buys in most places.

**Best Fruit Buys**

Florida sweet corn also is more attractively priced this week and for salad lovers, radishes and shallots are in the bargain class.

Lemons and naval oranges from Caligornia, hothouse rhubarb from Michigan and apples kept in controlled atmosphere storage (to prevent rotting) are the best fruit buys. The first light shipments of California prickly pears also were reported in some places. Produce men call this a sure sign of spring, heralding the arrival of good supplies of plums, peaches and other fruits in the next few months.

## Gardiner

Gardiner, March 27—Mrs. Bertha Wiese returned home Saturday after spending three months at Daytona Beach, Fla.

Mrs. Milton Decker of Thielss spent a few days last week with her mother, Mrs. Fannie Pizzuto.

Mr. and Mrs. Henry Schmidt of New Haven Conn., and James McKettrick of New York city spent last week at the home of Mr. and Mrs. Frank Primm.

Mr. and Mrs. James Gordon Bennett of Poughkeepsie visited friends here Saturday.

Mr. and Mrs. Robert Lewis of Cornwall and Miss Edna Dugan were dinner guests of Mr. and Mrs. Theodore Lewis Sunday.

Mr. and Mrs. Thomas Murphy were Sunday guests of relatives and friends in Connecticut.

## Rosendale

### Rosendale Women Hear Reports on Sales

Rosendale, March 28 — The regular meeting of the Rosendale Women's Club was held Thursday, March 14, at the American Legion hall in Tillson, with about 25 members present. Hostesses were Mrs. A. Mulligan, Mrs. L. Mastro and Mrs. G. Moylan.

Reports presented at the meeting indicated a net profit of over $200 on a sale and $45 from the recent food sale. The game committee consisted of Mrs. A. Ryman, chairman; Mrs. W. Klopher, Mrs. S. Repaski and Mrs. C. Mushlit. Those on the food sale committee were Mrs. L. Mastro, Mrs. K. Reynolds, Mrs. S. Reposky and Mrs. A. O'Leary.

Plans are now being made for a 25th anniversary banquet. Mrs. M. Hill is chairman, and members of the committee include Mrs. E. Galvin, Mrs. A. Mulligan, Mrs. Duffy, and Mrs. S. Huben.

**John F. Healey**

John F. Healey, 68, of 18 Davis street, died in this city this morning. Mr. Healey was a son of the late John F. and Catherine Lane Healey. Until about 10 years ago, when Mr. Healey returned to Kingston, he had made his home in Albany for 30 years. He was employed for many years by the Van Slyke and Horton Cigar Co., of Albany and retired 15 years ago. He was a member of Holy Name Church of Wilbur. Surviving are two sisters, Misses Catherine and Cecelia Healey; three brothers, Edward, William and Harry Healey, all of this city; a niece, Mrs. Everett Hall of Latham. The funeral will be held from Jenson & Deegan Funeral Home, 15 Downs street Monday at 8:45 a. m.; thence to the Church of the Holy Name where at 9:30 a. m. a high Mass of requiem will be offered for the repose of his soul. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home Saturday and Sunday from 2 to 5 and 7 to 9 p. m.

## Late Bulletin

### *Cabinet Quits*

Port Au Prince, Haiti, March 28 (AP)—The Haitian cabinet resigned today.

All members handed their resignations to provisional President Franck Sylvain shortly after the government decreed the death penalty for subversive activities.

The decree was aimed at all persons who might seek to overthrow the government by inciting the populace by writings or speeches.

It was issued after a night-long conference of eight of Haiti's nine presidential candidates who demanded Sylvain reorganize the government.

## Callanan Plants Resume Work

A strike at the Callanan Road Improvement Company plants at Kingston and South Bethlehem has been adjusted and the men were reported back to work today. Efforts to reach Reed Callanan, president of the company, at the South Bethlehem plant failed and at the local plant is was stated details of the settlement were not available.

Both plants closed on March 11 when three unions set up picket lines. About 150 workers were involved, approximately 50 to 60 of them at the Kingston plant on the Rondout creek.

Two unions accepted the company's offer of 12½ cents hourly this year and an additional 12½ cents next year, plus certain other benefits. Three unions turned down the offer and a picket line was formed. Local 106, International Union of Operating Engineers; Kingston Laborers Local 17 and the Yonkers Teamsters Union, turned down the offer made earlier this month. Albany Laborers Union, Local 109, and the Albany Teamsters Local had agreed to the terms, Mr. Callanan stated at the time. Today is was reported all unions had come to terms and work had been resumed at both plants.

Calanan Road Improvement Company mines, crushes and distributes road building materials and also engaged in the road improvement program. The local plant is located in the town of Esopus at Mingo Hollow on Rondout Creek.

## *Highland*

Highland, March 28—Mr. and Mrs. C. Imbrie Richards were Friday to Sunday visitors in New York.

Mr. and Mrs. LeGrand Haviland left last week for a motor trip through southern states.

Students in the Central School who accompanied their instructor, Miron Mihuka, to Farm and Home week at Cornell last week were Sam Vona, John Simmons, Richard Hasbrouck, Frank Caruso, Stephen Lanzarone.

Mr. and Mrs. Carl Jenke, North road, are vacationing in Florida.

Dining with members of Savings and Loan groups at Hotel Thayer, West Point Tuesday evening were Mrs. John F. Wadlin, Mr. and Mrs. Walter R. Seaman, Mr. and Mrs. W. H. Maynard of the local organization.

Mr. and Mrs. Lewis Seaman, Wassaic, called upon friends Saturday afternoon.

The fire company responded to five alarms Friday to Sunday for grass fires. Two on Chapel Hill, two on the Chodikee Lake road and one at the village dump.

Mrs. Franklin Welker was entertained at lunch Friday at the home of Mrs. W. H. Maynard by Mrs. Oliver Kent, Mrs. W. Irving Clarke, Mrs. W. T. Lais, Mrs. C W. Rathgeb, Mrs. Edward Krom, Mrs. N. D. Williams and Mrs. Louis E Smith, all members of the Music Study Club.

There were games and a showing of pictures the hostess had taken in Florida. The event was Mrs. Welker's birthday and a cake and gift were presented to her.

Mr. and Mrs. W. H. Yates with Harry and Ann Yates, Liberty, called upon friends in town Saturday. Mr. Yates was former supervising principal of the Central School.

**Card of Thanks**

We wish to thank all our neighbors and friends for their kindness and expressions of sympathy shown us during the recent illness and death of our mother, Mrs. Nettie S. DeWitt.

## Financial and Commercial

New York, March 28 (AP)—The stock market carved out another small advance in quiet trading early this afternoon.

Key stocks were up from fractions to around a point or so. Selected issues made better gains. There was a scattering of small losers.

Leading steels were unanimously on the upside. Chemicals, non-ferrous metals and most leading rail shares also did well.

Utilities, oils and aircrafts were mixed. Airlines and motion picture issues were slightly easier.

On the American Stock Exchange prices rose in moderate trading.

Corporate bonds were moderately higher in quiet trading.

U. S. Government Bonds eased in slow dealings.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall street, New York city, branch office, 41 John street, R. B. Osterhoudt, manager.

## Farm Bureau

"School Finances, Where Should They Come From?" was discussed by Kitchen Konference No. 1 of the Ulster County Farm Bureau this week.

Meeting at the home of Mr. and Mrs. Philip Davis in Kerhonkson, the group recommended to the County Farm Bureau that they are opposed to federal aid to education.

Attending were: John L. Schoonmaker Jr., Mr. and Mrs. Sam Waruch, Mr. and Mrs. John D. Basten, Mr. and Mrs. Donald L. Schoonmaker and Mr. and Mrs. Philip Davis.

Kitchen Konferences are a modernization of America's old town meetings where men and women work to help solve their own problems through group discussion.

DOUBLES—Nope—that isn't Israeli Premier Ben-Gurion looking at his own portrait on the magazine cover. It's Territorial Senator William ("Doc") Hill of Hawaii. He's noted for his sharp wit and barbed tongue as well as for his resemblance to Ben-Gurion.

An Indian program highlighted the recent monthly Pack meeting of Pack 7, St. John's Episcopal Church.

Neil Bechtold led the opening ceremonies assisted by Joseph Valle and Richard Townsend.

District Commissioner Edward Safford conducted an official roll call and inspection with the assistance of local Commissioner Mel Ickes and Assistant Cub Masters, George Dall and Frank Short.

Cub Master Ernest Dousharm welcomed a new den into the pack, Mrs. Cathy Miller being the new Den Mother with Mrs. Evelyn Henion and Audrey Andersen assisting her. A Bobcat ceremony was then performed to induct the following boys: Jack Biszick, David Boice, John Cook, Bobbie Cook, Ronnie Fischang, Jimmie Henion, Steve Loth, Joe Miller, Billie Rossa, Leroy Stacio, Lester Felton, with Wayne Boice as the new Den Chief. In keeping with the Indian theme the new Bobcats were presented Indian headdresses by the Lion Cubs.

Den advancements for the month were:

Den 1, Muriel Short, den mother: Lion badge to Robert Schaffner, Bear badge to Peter Clausi, Gold arrow to Neil Dousharm, Gold arrow and Silver arrow to Dean Short, Silver arrow to Peter Clausi.

Den 3, Jennie Valle, den mother: Bear badge to Neil Bechtold, two year service star to Neil Bechtold, one year service star to Danny McGrane.

Den 5, Helen Ohlson, den mother: Bear badges to Ricky Wiswell and Bryant Burroughs. Gold arrow to Roger Ohlson.

Around an Indian Village consisting of life size totem pole, teepee, trophy skin, and various shields and spears, Den 1 presented an Appache Devil Dance under the leadership of Mrs. Virginia Dall, and Mrs. Dorothy Dousharm. In turn a member of each den explained the use and significance of the Totem Pole, Shields and spears and trophy skin which they made.

Exhibits by all dens included a Plains village, rattles, mocassins, ankle bracelets, headdresses, bead work, shields, and tom toms.

Refreshments concluded the program, served by the Cubs of Den 5.

### Spare Those Trees

Oklahoma City (AP) — The drouth has killed thousands of trees in Oklahoma, and the Game and Fish Department is asking woodsmen to spare the hollow ones. Dave Ware, director of the department, says that the hollow trees "may not look like much to the casual observer, but from the conservation's point of view they are among the most important trees in the woods." He pointed out they provide homes for some animals and food for others.

## Dates Announced For Voting on Joining Onteora

Dates have been fixed by the Commissioner of Education for holding referendums in Woodstock School District No. 2 and West Hurley District No. 5, on the proposition of whether those districts shall be annexed to the Onteora District.

Qualified voters of Union Free School District No. 5, towns of Hurley and Woodstock, will vote Saturday, April 6, at the West Hurley Union Free School. Polls will be open from 2 to 8 p. m.

Voters in the Woodstock No. 2 School District will vote at the Woodstock School on Saturday, April 13, from 2 to 8 p. m.

The resolution submitted by Commissioner of Education James E. Allen Jr. is as follows:

"Resolved that Union Free School District No. 5 of the towns of Hurley and Woodstock, Ulster county, be annexed to Central School District No. 1 of the towns of Olive, Shandaken, Woodstock, Marbletown and Hurley, Ulster county, and Lexington, Greene county, as provided in the order of the Commissioner of Education now before the meeting."

### Fire Equipment Stolen

Julius Lipton, of 594 Albany avenue, notified police last night that four fire axes, valued at $28 and a fire extinguisher, were taken from his buses which were parked in a lot off Albany avenue. He is the operator of Lipton's Bee Line, bus service.

**Stubborn about Your Stocks?**

In our business you naturally meet all kinds of investors—and some of them can be pretty stubborn about their stocks.

They're sure the stocks they own are the best ones they can buy. They don't seem to realize that investment values do change with the passage of time—that what was a good buy five or ten years ago might make an even better sale today.

To us, it only seems like good sense for an investor to check on his holdings from time-to-time . . . get an unbiased, up-to-date review of the stocks he owns in the light of today's conditions.

Where can you get such a review?

That's easy.

If you're *not* stubborn about the stocks you own, just list them for us with the prices you paid, and tell us something about your over-all situation and investment objectives.

I'll see that you get the most realistic report we can send you on your investment program.

There's no charge either, whether you're a customer or not, own one stock or a hundred. Just address—

## I AM THE WANT AD

**By Harry Gwaltney**

My MISSION is to serve humanity without regard to creed or position or time or place • I herald the arrival of the new born, I serve them through life and announce their demise • I am the servant of the poor, the commissioner of the rich • With each sunrise and each sunset I go forth with new missions to perform • Each new day new thousands rely upon me to fill their needs and satisfy their wants • I search out all manner of things for all manner of persons • I find the castle for the newlyweds, a home for those grown weary and aged • I find a business for a future giant of industry and a little shop for a widow's livelihood • I alter the course of millions, and many times the future of maid and man is of my determination • I recover the lost pets of weeping children, and restore lost persons to anxious friends • I sing the praise of artisans, proclaim the skill of craftsmen • I find labor for the man of brawn as well as opportunity for trained and active minds • I am the Fabled Dwarfs, Aladdin's Lamp and the Magic Wand of modern times • Millions in trade are consummated through me, yet the value of my service is not to be measured in silver or gold • Even rouges avail themselves of my power and filch from those who trust me • I am an index of trends, a barometer of commerce, a harbinger of coming events • I am a by-word in countless thousands of homes, the first thought in many times of need • My speed of action, the sureness of my success, matches the completeness of my public acceptance • Within my lines are the sad stories and the glad stories of everyday living that goes to make up life • I perform in my own individual way and for me there is no substitute • No other medium, no other method, plan, or scheme can duplicate my service • In multiple, I become the world's greatest market of services and things • I become the world's greatest market of services and things • I am born of the people and have lived and grown by their insistence and over the protests of those who held my destiny • I have become an institution of service big enough and broad enough to do anything for anybody at anytime—I AM THE WANT AD!

## Power Industry Is Told to Be Ready In Case of Attack

Chicago, March 28 (AP)—The nation's electric power industry today was told it must be prepared for enemy weapons 1,000 times as powerful as the atom bombs which hit Hiroshima and Nagasaki.

Assistant Secretary of the Interior Fred G. Aandahl said in a speech prepared for delivery to the American Power Conference that utilities must be ready to furnish an adequate supply of power immediately after the attack.

He listed among precautions: Dispersed equipment storage, trained employes in radiation detection, adequate security plans, more tran one emergency headquarters, and communications with neighboring power systems.

The Department of Interior's role, Aandahl said, is to keep the industry informed of federal thinking and to coordinate and test local plans on a national level.

**Coal via Pipeline**

In another prepared talk, Clarence A. Dauber, a Cleveland engineering executive said 1957 will see the first commercial movement of coal by pipeline over a long distance.

Dauber, director of civil and mechanical engineering for the Cleveland Electric Illuminating Co. said the 12½ million dollar, 108-mile line between Georgetown, Ohio and Eastlake will deliver 1¼ million tons of coal per year and save shipping costs.

The line links the Pittsburgh Consolidation Coal Co. and the utility's Eastland plant.

### Actress Defends Mother

New York, March 28 (AP) — Actress Tina Louise took the witness stand in State Supreme Court yesterday to defend the reputation of her thrice-wed mother, now Mrs. Betty Myers. The red-haired entertainer, now playing in the Broadway hit musical "Li'l Abner," denied allegations in which her mother had been depicted as a woman given to drink and entertaining men friends in the absence of her husband. Mrs. Myers is suing Dr. John Myers for separation. Myers, a former dentist, now is vice president and general manager of the American Flange and Manufacturing Co.

**PAT ON THE BACK**—Piggy-back transportation is just fine for 11-month-old Patrick Chase as he rides papoose-fashion in this rig, worn by his mother, Mrs. Deborah Chase. They're boarding a plane for Bermuda at New York's International Airport. She will teach tennis there.

## Familiar Sights Gone as Circus Moves Northward

Sarasota, Fla., March 28 (AP)—The circus takes to the road today, but being left behind are such familiar sights as the big top and the gaudy circus personnel trains.

Instead, a streamlined version of Ringling Bros. and Barnum & Bailey sets its sights on New York and a spring tour.

Performers and workers are to travel on a regular passenger train. Only the animals are setting out on the gaily painted circus cars.

Other circus folks already are on their way northward in private autos. Still others, particularly European performers, will join the circus in New York. Circus equipment is being carried in trucks.

John Ringling North, president of the circus, thought up the idea of a new styled circus after the show folded its tent in midseason in Pittsburgh last July.

North's plan is to have the circus play in Coliseums, inside large buildings and at larger fairs.

The circus opens in Madison Square Garden April 3 for a 40-day run.

### 12 Crewmen Rescued

Panama, March 28 (AP) — The U. S. Caribbean Air Command Rescue Center in the Canal Zone said today the tuna boat Helen S. of San Diego, Calif., sank in the Pacific off Panama yesterday. All 12 crewmen were rescued. The first message received at the rescue center said the boat was sinking fast 50 miles southeast of Jicarita Island and that the crew was taking a lifeboat. Two planes sent from Albrook Air Force Base in the Canal Zone remained over the area until the tuna fishermen were picked up by another tuna boat, the Mary Joe out of San Pedro.

## JCC Adult Forum Sets Mental Health Talk April 25th

The Adult Program sub-committee on Community Forum set the date of Thursday, April 25, for the third annual public forum at the Jewish Community Center.

The committee this year is planning to bring to the Kingston community the facts about mental health. The 1957 chairman is Dr. Herbert F. Schwartz, assisted by Mrs. Herbert Gertner, Miss Sadie Lutzin, Mrs. Morton Zucker, David Kline and Sol Silverman.

Further details on the public forum which attracts wide community interest and support will be announced.

### Eases Dental Pain

Philadelphia, March 28 (AP)—The high speed drill was put forward yesterday as one way to spare pain to dental patients. Dr. Harold C. Kilpatrick, a Yonkers, N. Y., dentist, advocated the method in a report to the opening session of the 24th annual meeting of the Philadelphia County Dental Assn. He said the report was based on clinical tests by 300 operators. "In most cases," Kilpatrick said, "high speed drilling is so comfortable that the patient can't tell in what area of the mouth you're operating."

### Call Death Suicide

San Francisco, March 28 (AP)—Police have made a finding of suicide in the death of a New York college student whose body was found in front of a Telegraph Hill apartment Tuesday. Homicide Inspector John O'Haire said Charles Clement Macmillan, 23, jumped from the three-story building. A brother, John, told police by telephone from New York that Charles disappear from New York (581 Timpson Place, the Bronx) a week ago, saying he was "depressed."

### L. C. Dixon Address

In the advertisement appearing in Wednesday's Freeman, the L. C. Dixon & Son, lawn and garden center address should have read Albany Avenue Extension, next to new post office and on Fair street.

**AFTERMATH**—As always, the "little people" are the hapless victims of war. The truism is illustrated again in this picture, showing an Arab family returning to its home—what's left of it, that is—in Gaza after United Nations troops took over.

### Good Casting

Cheyenne, Wyo. (AP) — The Cheyenne Little Theater group's presentation of "The Solid Gold Cadillac" really had type-casting. Radio announcer Keith Ashton portrayed a radio announcer. And Joe McGowan Jr., Associated Press reporter, played the role of an Associated Press reporter.

### Remembered by Thief

Philadelphia, March 28 (AP)—A woman who was the victim of a petty thief 25 years ago was the thief's beneficiary yesterday. Mrs. Alfred Davies, of suburban Yeadon, said she got a $50 gift certificate, good at the John Wanamaker department store, in the mail. With it was a note from the person who took the money from her purse 25 years ago while she worked in the store's shoe department.

## Asbury Residents To Vote School Disposal Tonight

The resident taxpayers of former School District 7, Asbury, town of Saugerties will vote on the disposition of its one-room school tonight at 7:30 o'clock at the school.

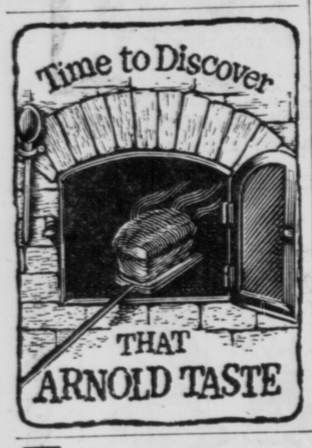
This is the final vote in the Saugerties Central School System for the disposal of one-room rural schools.

The site of the present school was donated by Zachariah T. Smith in 1859.

Former school districts who have voted on the disposition of their one-room schools are Blue Mountain, Glenerie, Mt. Marion, Saxton, Cedar Grove, West Saugerties and Katsbaan.

**Primitive**

The Tiwi tribesmen on Melville and Bathurst Islands off the north coast of Australia have no agriculture, no tools and no domestic animals except the dog, says the National Geographic Society.



**SEE TV AS "BOUNCING BABY"**—The world is on the threshold of intercontinental television broadcasts, according to Ira Keen, electronics research chief for the General Bronze Corporation. His company has developed a powerful new antenna which can relay TV images by bouncing them off a six-mile-high layer of atmosphere. Antennas would be erected across the Atlantic, as shown on diagram above, from Montreal to Oslo, Norway, or perhaps Edinburgh, Scotland. The broadcasting station shoots an image toward the horizon, where it hits the troposphere and then is bent back toward earth. The image is then picked up by the next antenna, which relays it on.

## Two Pumpers Are Voted by District, Also Fire Sirens

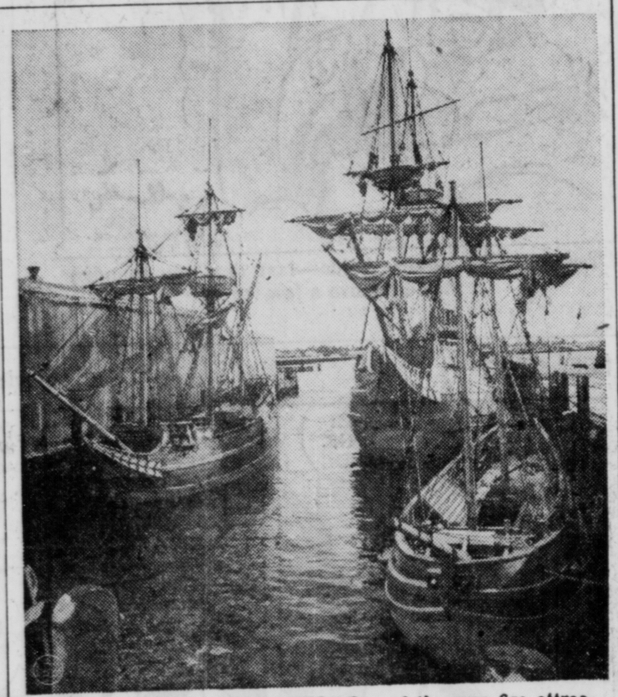
Voters in the Mt. Marion-Ruby Fire District approved two propositions Wednesday night involving the purchase of two pumper trucks at $14,000 each and two fire sirens at $1,000 each.

Bids on the equipment will be advertised immediately. They are returnable April 10.

Vote on the first proposition—purchase of the two trucks—showed 168 in favor, 19 opposed and three void.

Vote on the second proposition—purchase of the two fire sirens—showed 157 in favor, 29 against and four void.

Voting tellers and officials were Frank Smith, chairman, William Crosby, Ray Pencsak and Leon Reiff.



**JAMESTOWN CELEBRANTS**—One of the sure-fire attractions at the eight-month festival celebrating the 350th anniversary of the Jamestown, Va., colony are these three hand-wrought wooden vessels. They are full-size replicas of the 40-ton Godspeed, left; the 100-ton Susan Constant, rear; and the 20-ton Discovery, right, the ships that brought the New World's first successful English colonists to found Jamestown in 1607. Permanent mooring during the April 1-Nov. 30 celebration will be in the James River, off Jamestown Festival Park.

**HIGH DIVERS** — Skin-diving in the "stratosphere" is the unique job of aircraft engineers John L. Peters, left, and G. H. Christiansen. The giant Air Force propjet transport C-130 Hercules is immersed in a huge tank at Marietta, Ga. The water's pressure simulates air pressure under high-altitude flight conditions. Christiansen's flashlight helps locate possible leaks in the pressurized fuselage as Peters makes notes on his underwater clipboard.

**PARKING IN 4½ FEET**—Nosing in between two cars parked on a New York street, this autoist has no trouble parking his tiny German car. The whole front opens like a large door, folding the steering wheel forward for easy entry or egress. The 7½-foot-long car, a BMW Isetta "300," weighs 770 pounds and accommodates two adults and a child. Its 13-h.p. engine, which gets 60 miles to the gallon and cruises at 50 m.p.h., is over the rear wheels.

**HONORED PETS**—Beloved pets of all kinds are laid to rest in an unusual graveyard in Ilford, England. Three-year-old Peta Skingley, of London, carefully arranges a floral tribute at one of the graves. Many of the animals are memorialized by costly headstones and markers.

# American Motors Plans to Expand, Buy New Firms

Detroit, March 28 (AP)—American Motors plans to expand and acquire new firms while continuing production of its established automotive lines.

George Romney, president of American Motors, outlined the diversification and emphasized that he and the company's largest single stockholder, Louis E. Wolfson, were at "complete, basic agreement" after talks in Miami, Fla.

Wolfson and his family had acquired some 350,000 shares of AMC, touching off reports that he would try to force the company to sell its automobile producing facilities. American Motors has 5,670,000 shares outstanding.

**Working on Models**

Romney, speaking at a news conference yesterday, said American Motors has completely tooled for production of its 1958 models and expects to be operating at a profit by early 1958. He said too that preliminary work on 1959 and 1960 models is underway.

He said that Wolfson was in complete agreement with him that "we should press forward with the completion of the tooling for our full line of cars for 1958."

Wolfson also agreed, Romney said, that American Motors should continue production of small compact cars and try to increase its penetration of the medium price field with its Nash and Hudson models.

Answering newsmen's questions, Romney said that he and Wolfson had discussed the expansion of American Motors and the acquisition of "consistently profitable companies producing products in growth industries."

**Companies Discussed**

Although he refused to be specific Romney said that he and Wolfson discussed several companies including "one or two" in which Wolfson has a financial interest.

Romney said that the first of the acquisitions might come before the end of the company's current fiscal year—Sept. 30, 1957.

A 36 million dollar tax credit, Romney said, would make it possible for American Motors to enjoy a quicker sizable profit from such acquired firms by applying the credit to a new company's earnings.

He said too that American Motors might have to issue more stock or borrow money for its proposed diversification scheme.

Romney said that Wolfson's "investment and business acumen" was welcomed by the firm. He added:

"In fact I suggested that he consider becoming a member of our board. However, Mr. Wolfson declined because of his full-time responsibility as chairman and president of Merritt-Chapman and Scott."

He said that Wolfson gave no indication that he would interfere with the management of American Motors.

**Sees Some Trimming**

Romney said that "there will be some trimming and pruning" of American Motors operations, but it would not involve products now produced by the company. Romney was not specific in references to what operations.

As to the acquisition of new firms, Romney said, "our discussion did not include Merritt-Chapman and Scott."

Romney said he had been disappointed in the amount of defense work American Motors had been given and said it was "not commensurate with our position in the industry." He expressed hopes that American Motors defense orders would increase.

## Likely to Sign Station Wagon Bill

Albany, N. Y., March 28 (AP)—Gov. Harriman is expected to sign a bill to cut registration fees on station wagons used only as pleasure cars and boost them on those used as commercial vehicles.

The Senate gave the measure final legislative approval yesterday, 37-19, with Democrats opposed.

The bill would set the fee on non-commercial station wagon registration at 50 cents a hundred pounds to 3,500 pounds and 75 cents a hundred over that weight. The fee is 75 cents a hundred pounds.

The commercial fee would be $2.50 for each 500 pounds of maximum gross weight. The Motor Vehicles Bureau would determine the carrying capacity to arrive at the loaded weight to be used for registration purposes.

The new fees would be effective next year.

Acetylene gas is not poisonous.

## Wilson Rejects Reporter Probe Of Data 'Leaks'

Washington, March 28 (AP)—Secretary of Defense Wilson rejected today a proposal that reporters be hauled before grand juries if necessary to discover the source of published "leaks" about military information.

The Pentagon chief also turned down as smacking of "censorship" recommendations to limit newsmen to "approved" interviews be in the presence of official monitors.

The recommendations were made last fall by a committee composed of Charles Coolidge, former Assistant Secretary of Defense, and four retired generals and admirals.

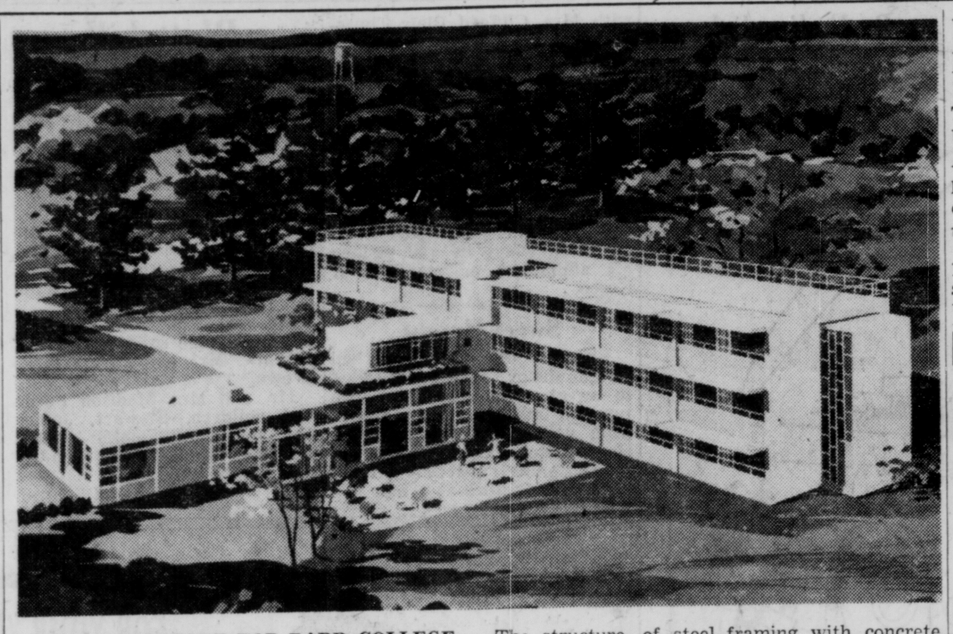
The department committee was created to study information problems.

When the committee submitted its recommendations, Wilson expressed "serious reservations" about the proposal to summon reporters before grand juries.

Wilson's actions in relation to the report were taken in a series of directives.

### Un-ewe-sual

Sawyer, Okla. (AP) — Farmer Joe Hendricks has a ewe that is attempting single-handedly to make Oklahoma a big sheep producing state. In six years, the ewe has had two sets of triplets, two sets of twins and two singles. The birth of triplets occurred consecutively—a most unusual feat according to agricultural experts.



NEW DORMITORY FOR BARD COLLEGE—This architect's drawing shows new $416,000 dormitory to be built at Bard College, Annandale-on-Hudson, to house 90 women students. The structure, of steel framing with concrete floors and roofs and non-bearing exterior walls faced with brick or cement plaster, is expected to be ready for September 1958.

## Bard Announces Plans for $416,000 New Dormitory

Annandale-on-Hudson, N. Y., March 28—Bard College announced plans today for erection of a $416,000 women's dormitory. A long-term, low interest mortgage, granted by the Community Facilities Administration of the Housing and Home Finance Agency, will be used to finance the construction.

The new structure, which will house 90 women students in 30 single and 30 double rooms, will be ready for occupancy by September 1958. Each floor of the T-shaped building will contain 10 double and 10 single rooms and a lounge and bath. In addition, there will be a resident faculty apartment and a large common room on the first floor and a study lounge on the second.

Construction will be of steel framing with concrete floors and roofs and non-bearing exterior walls faced with brick or cement plaster. It will be located just west of the college's academic buildings on land donated in 1951 by Christian A. Zabriskie. The new dormitory is the first built by the college since 1936. No name has yet been selected for it.

Two Bard alumni with offices in New York city, Sidney M. Shelov '37 and Peter Paul Muller '40, are the associated architects.

President James H. Case Jr. said that Bard, like many other colleges, is still using some temporary housing facilities put up during World War 2. The new dormitory will allow the college to withdraw them from use as living accommodations. It also will be the first step in a planned expansion to 375 students from the present enrollment of 250.

## *Saugerties Pastor Gives Thoughts For Loyalty Day*

Thoughts on loyalty were offered this week by the Rev. August Pfaus, Jr., pastor of Katsbaan and Blue Mountain Reformed Churches in a thesis in conjunction with the forthcoming Saugerties observance of Loyalty Day, Saturday, May 4 sponsored by Saugerties Memorial Post 5034, VFW.

The VFW Loyalty Day Committee each week offers revelant remarks by area clergymen on the Loyalty Day theme.

**Society Defined**

"Edmund Burke once said, 'Society is a contract between the dead, the living and the great unborn.' Man has memories, a past which conditions his present day and ways; a present experience, the hour in which he lives; and the blessing of a beckoning future which lures him on with an ageless hope in the unfulfilled possibilities of tomorrow.

"The oldest marked grave in the old burial ground at Plymouth is that of the first governor of that colony. On that stone you can read these words: 'Under this stone rest the ashes of William Bradford, a zealous puritan and sincere Christian, Governor of Plymouth Colony from April 1621 to 1657. Qua patres difficillime adepti sunt nolite turpiter relinquere.' The Latin translates, 'What our fathers with so much difficulty secured, do not basely relinquish.'

"These words point the way to the first challenge of loyalty—the conservation of values won by these pioneers of centuries ago. When we examine the principles and ideals for which the Pilgrims risked their very lives, we find that they are easily and very often praised at a long distance, but more easily and more often ignored when we meet them at close range in our own way.

**Site Pilgrim's Motives**

"If the Pilgrim fathers had come only for gain, they would not have remained after their first year's hardships. During that grueling first winter there was a time when the food ration was five grains of corn to each individual, when only seven healthy colonists were left to care for the sick and when nearly half of the whole company lay in graves under the snow. Yet when the Mayflower returned to Europe the next spring, only the sailors were aboard.

"The Pilgrims love of liberty was cradled in reilgious conviction. They had been taught that every person is a child of God and thereby endowed with certain inalienable rights. With this belief in divine sovereignty, the foundations of American freedom were laid. As a result we live in homes exempt from unwarranted search. We can vote in free elections with secret ballots. We can criticize our government without being spied on by secret police. We can send our children to free public schools and worship God in the church of our choice.

**Freedom Cost High**

"These freedoms were bought at a high price. They can be preserved only by sacrifice. Familiar is the saying, 'The price of liberty is eternal vigilance.'

"What does this country mean to us? It means a land where all are equal before God and the government, not equal in ability or reward but each good enough to have a say in determining who and what are best.

"The late historian James Truslow Adams said that the greatest contribution America has made to the world is the American dream. He defined it as the dream of a land where life shall be fuller and richer with opportunity for every one according to his ability and achievement. That dream inspired our generation. It must be preserved for our children."

**Use Serrated Knife**

Some cooks like to use a serrated knife for freeing the fruit sections from the white membrane when preparing grapefruit halves.

## Will Abandon Search For 67 and Plane

Fuchu, Japan, March 28 (AP)—The long search for a missing U. S. military transport with 67 Americans aboard will be suspended at dusk Saturday if no clew to its fate is found by that time.

U. S. Far East air forces said 15 planes scanned the Pacific south and east of Tokyo again today without results. Fifteen will again traverse the same 128,000 square mile area Friday and Saturday.

The missing C97—a military version of the Boeing Stratocruiser—disappeared March 22 after radioing that it was only 200 miles from the Japanese coast. No further word was received.

*School Consolidation Explained*

## Kingston Schools Lack Room For Expected Student Growth

*(Note—This is the sixth in a series of articles on the proposed Greater Kingston Area Consolidation written by Norman Hammond of Lake Katrine and edited by four others on a committee interested in presenting an explanation about linking rural districts to the city school system.)*

The total number of children within the proposed enlarged city school district is approximately 10,500, of which about 6,300 are in grades kindergarten through six, and 4,200 in grades seven through 12. Of the pupils in grades seven through 12, approximately 55 per cent live in Kingston and 45 per cent in the rural districts outside of Kingston. Of the pupils in grades kindergarten through six, less than 2,000 attend rural schools. Virtually all of the upper grades students attend school in Kingston.

**Capacities Exceeded**

Kingston High School was built to hold 2,000 students. The Myron J. Michael School holds 750. Both of these capacities have already been exceeded. This year every classroom in the high school is being used every period except during lunch. Next year, it will be necessary to send some high school students to other schools. In other words, there is no room in the Kingston schools for the growth in student population which can reasonably be expected in the next few years. For this reason it will be necessary to limit the number of non-Kingston resident students in order to provide classrooms for those students who do live in Kingston.

It is the responsibility of the school board of each district to provide educational facilities for the pupils of that district. It is not reasonable to expect either the school board or the parents of Kingston to overly crowd their students or to curtail school hours just to provide for pupils belonging to districts which do not choose to assume their just responsibilities.

**Result Is Obvious**

It is obvious that the rural districts must consolidate with Kingston or be prepared to educate their children elsewhere before the Kingston School Board is faced with the difficult decision as to which districts shall be required to remove their children from the Kingston schools.

The next article will discuss the reasons why our seventh and eighth grades cannot attend local schools and must therefore travel to more central schools.

## *Beck Is Hung In Effigy Over Seattle Street*

Seattle, March 28 (AP)—Suspended from a wire strung between two utility poles along a Seattle street late last night was a stuffed dummy bearing a placard inscribed:

Dave Beck.

The spot was less than a block from the Seattle—and Western—headquarters of the Teamsters' Union.

## Whirlybird Transformed Into 'Whirlytug' —

Another feat has been added to the already long list of accomplishments of the helicopter. In recent tests at San Diego, Calif., it was found it would operate successfully as a flying tugboat and tow truck. The Vertol H-21 pulled a 382-foot LST at five knots, about half the regular speed, left. In addition, it salvaged a powerless amphibious tank, below, pulling it out to sea through loose sand.

## Asks Surplus Ships to Deliver Cargo to South America

Chicago, March 28 (AP) —The Grace Line took before a government examiner today its petition to charter four government surplus cargo vessels for Chicago-South America cargo service starting this year.

Such service, through the incompleted St. Lawrence Seaway, would be the first of its kind.

The line is also asking that the trade route between the Great Lakes and Venezuelan and Colombian ports be designated as "essential."

The trade route ruling would qualify the line for government subsidies. These subsidies are designed to offset the advantage held by foreign flag ships with their lower costs for labor, insurance, repairs, maintenance and provisions.

One problem is that the government has only eight readily available surplus ships small enough to get through the existing locks connecting Great Lakes and St. Lawrence river.

Four other American companies have petitioned to charter ships for subsidized service between Great Lakes and European ports.

## Youths Plead Innocent In Hammer Slaying

Chicago, March 28 (AP) —Fifteen white youths, under indictment in the hammer slaying of a negro high school student March 11, pleaded innocent in criminal court yesterday.

Chief Justice Wilbert F. Crowley, before whom they were arraigned, set April 17 as the date for hearing preliminary defense motions and assigned the cases to Judge Elmer N. Holmgren.

Thirteen of the youths have been indicted for murder in the slaying of Arnold Palmer, 17, and two others are under indictment as accessories after murder for hiding the hammer used in the slaying. Joseph Schwartz, 17, has admitted, police said, hitting Palmer on the head with a hammer as he waited for a bus on a south side street. Police termed the attack unprovoked.

The state has announced it will seek the death penalty for the youths.

*Tells Probers Very Little*

## Teamster Boss Ducks Behind 5th but Keeps on With Talk

By JAMES MARLOW
AP News Analyst

Washington, March 28 (AP)—For a man who tried to make like a clam, Dave Beck made a lot of noise. He ducked behind the Fifth Amendment to keep his mouth shut but insisted on keeping it open the better part of two days.

The result: The roundish president of the Teamsters Union talked more and said less than any man in recent memory. But, except for raising questions about what he wouldn't tell, Beck managed to tell a Senate Investigating Committee very little.

A witness before such a committee can rightfully use the Fifth Amendment to refuse answers to questions only if he thinks his replies might tend to incriminate him. Did Beck think his answers might tend to incriminate him? "Definitely," he said.

**Keeps Using Statement**

But where another witness might mumble the amendment and shut up, Beck persisted on making a long statement, the same one over and over bringing in not only the Fifth Amendment but also the Fourth Amendment dealing with search and seizure, the first three articles of the Constitution which establish the legislative, executive and judicial branches of government, the committee's authority, and the relevancy of the questions it asked.

Can he get away with his almost blanket refusal to cooperate with the committee which is investigating his handling of union funds? Sen. McClellan (D-Ark), committee chairman, isn't sure and says he will find out.

A man cited by Congress for contempt in refusing to answer questions can, if tried and convicted in Federal court, be fined and jailed for a year.

**Gets on Ticklish Ground**

Ordinarily a witness using the Fifth Amendment can't be cited for contempt. But if he tries to choose what question to answer, and what to ignore by using the amendment, he gets on ticklish ground.

Beck did not follow his own rule of no answers 100 per cent. For example: He volunteered the information his union had authorized a 1½ million dollar loan to the Fruehauf Trailer Corp. which, he said, paid it back in 14 months.

But when committee counsel Robert F. Kennedy asked Beck if he himself had ever received money directly or indirectly from Fruehauf, Beck took the Fifth Amendment. Kennedy then asked this double-barreled one: Was Beck in trouble with the income tax people in 1954 because he had taken $320,000 from the union in the past? And had Beck gone to Fruehauf for $200,000 which he turned over to the union? Beck took the Fifth Amendment.

It is a violation of Federal law—the Taft-Hartley Act—for an employer to give money to a representative of any of his employes, or for such a representative to accept money from such an employer.

**Says He'll End Clean**

There is no such charge against Beck now. There is no charge against him by the income tax people. In fact, there is no charge of any kind against him at this moment. Beck says he'll come out of all this "clean and white."

But McClellan told Beck "evidence has been developed that you have misappropriated funds" from the union. If so, it would not be a violation of any Federal law since there is no Federal law covering such an offense.

If there was such an offense, and it could be proved, the only action which could be taken against Beck would have to come under state law, on some such charge as larceny.

## Mother Is Critical, Was Beaten by Son

New York, March 28 (AP)—A 51-year-old man is charged with feloniqus assault in the beating of his 84-year-old mother.

Mrs. Mae Amory was taken to Bellevue Hospital yesterday with a fractured skull and multiple injuries. Her condition was described as critical.

She had been living with her son, Fremont Amory, an architect, for about a year in his Manhattan apartment.

At first the frail mother denied her son had beaten her during an argument. Later, however, she told police: "Yes, he did it. I wanted to protect him. I didn't want him to be hurt."

## Thoughtful Hint

Little Rock, Ark. (AP) — Municipal Judge Harper Harb recessed the hearing after the defense persistently contended three teen-aged boys were innocent of a charge of attempting to steal gasoline from trucks. As the teen-agers started to leave the courtroom, a detective called to one: "Don't forget your gas can." The boy picked up the can and started out of the courtroom with it. Then he put it down and went out without it.

## *Education Costs Almost Double Pre-war Figures*

Washington, March 28 (AP)—It costs about twice as much to send a boy or girl to college now as it did before World War 2.

An Office of Education survey, made public yesterday, showed that the expenses of an undergraduate student in private colleges average about $2,000 a year. In 1939-1940, the average annual cost was $1,023.

For students in public colleges, the average annual costs now total $1,500 as compared with $747 in the 1939-1940 period.

The survey covers such expenses as tuition, books, and supplies as well as room and board, clothing, travel and recreation.

## $1,327,000 Skidmore Loan Is Approved

Washington, March 28 (AP) — The Community Facilities Administration approved today a loan of $1,327,000 to Skidmore College, Saratoga, N. Y., a private college for women.

The loan will finance construction of a dormitory for 160 students and dining facilities for 400.

Skidmore said a lack of suitable housing has curtailed enrollment sharply during the last five years, and the two small dining rooms now used are inefficient and uneconomical.

## 1,600 Rail Workers Will Be Laid Off

Philadelphia, March 28 (AP) — Some 1,600 Pennsylvania railroad maintenance workers will be furloughed starting Monday, due to a sharp drop in business since the first of the year, the railroad says.

About 600 of those to be laid off in the big Altoona shops, where 200 men who were relieved last March 5 because of reduced workload.

A. J. Greenough, vice president of transportation and maintenance for the PRR, said the company regretted "very much the necessity for this action."

"With the railroads strictly regulated, the margin between income and outgo is so small that when business drops off we are compelled to move quickly to cut expenses, a large part of which is wages," he said.

PRR carloadings since the first of the year have dropped an average of seven percent compared with the same period in 1956, he said.

LANDING ON RADAR "STILTS"—This sketch illustrates operation of radar landing "stilts" for the huge planes of the future, as predicted by Lee Ohlinger, atomic scientist of Northrop Aircraft, Inc. He described the revolutionary concept at a meeting of the Society of Aeronautical Engineers in Chicago. The "stilts" will enable planes to land safely at other than fixed bases, without direction from the ground. The three electronic pulses seen in sketch would automatically measure the distance of the plane above ground and through an "electronic brain" computer consider the plane's speed, adjust controls to maintain proper landing attitude and set the craft down on the landing strip automatically in any weather.

## Adventist Church Services Slated

Special prayers will be offered and a day of fasting observed Saturday by Kingston Seventh-day Adventists for Christians who are being persecuted for their reigious convictions in Columbia, South America.

The Rev. Jamile Jacobs of the Kingston Seventh-day Adventist Church, 30 Pearl street, said special prayers would be offered at 3 p. m. worship services Saturday "for fellow Christians who are passing through a very critical time."

**Appeal Is Made**

Pastor Jacobs said the special service results from an appeal by Adventist World President Reuben R. Figuhr, Washington, D. C., stating that in Columbia 10 Seventh-day Adventist alone died in 1956 because they would not recant their religious convictions.

"Church members have been beaten to death, beheaded, and shot in their own backyards, homes have been destroyed, churches burned and scores imprisoned," President Figuhr's message said. "During the summer of 1956, a total of 197 Adventists were imprisoned."

The message received by the local church said that while persecution has been evident in Columbia for a number of years "in recent months it has been increasing in severity." The message also called for prayer for Christians in other countries where religious restriction is common.

The Rev. Mr. Jacobs said despite unprecedented persecution Christian activity grows in Columbia. Adventist membership in the South American country has quadrupled in the past few years with more than 1,000 baptisms in 1955, he said.

## Eye Test Report

Philadelphia, March 28 (AP)—A new drug for treatment of glaucoma, or hardening of the eyeball, is reported to have been successful in a number of recent test cases. The drug is phospholine iodine. A paper describing its first trials was read yesterday at the annual meeting of the ex-residents society at the Einstein Medical Center by Drs. David A. Gold, Paul A. Gold and Irving H. Leopold. The doctors said the drug was used on 87 eyes of 48 patients afflicted with the disease. In 59 of the eyes treated tension was reduced. In 12 cases, the drug caused headache and dimming of the vision and had to be discontinued.

## Probing Pistol Shots

Essington, Pa., March 28 (AP)—A report of pistol shots at the struck Linde Air Products Co. plant here has prompted an investigation by the Delaware county district attorney's office. Donald Robertson, president of Local 12548, oil, chemical and atomic workers, said pickets were fired upon Tuesday night by "strike breakers" he reported had entered the plant through a rear railroad gate. Company officials said the firm had nothing to do with the reported shooting.

## Find Missing Garage

Birmingham, Ala., March 28 (AP)—Mr. and Mrs. Hubert Reynolds have found their missing garage. Reynolds reported his two-car garage stolen Tuesday. Andrew Todd, Mrs. Reynolds' brother, said he had understood Reynolds to say he could have the garage if he paid the moving bill. Reynolds returned from work to find the structure gone. Todd said yesterday he sent over some men to dismantle the garage and move it. He said he'd foot the bill.

## Ellenville

Ellenville, March 28—Mayor Eugene Glusker has announced that a public hearing on the proposed budget for 1957-58 will be held by the village board at the municipal building on Thursday, April 11 at 8 p. m.

George E. Betz, of Tuthill avenue, has been appointed by the U. S. Census Bureau as supervisor of the Ellenville village census which will begin Monday morning, April 1. Thirteen prospective village census enumerators took the prescribed instruction course and test to be eligible for one of the six enumerator appointments to be made.

Mr. and Mrs. Richard H. Craft, of 38 North Main street, spent last weekend in New York city. Mr. Craft attended a chiropractor's convention in that city.

Floyd Kelder of Mountain View, N. J., was a business caller in town Monday. During the day he visited his mother, Mrs. Arker Kelder in Napanoch.

Mrs. Mabel C. Schoonmaker was a Sunday dinner guest of her uncle and aunt, Mr. and Mrs. Charles Burbridge in Wurtsboro.

Mr. and Mrs. Harvey Alsdorf have moved from the Katz apartment house, 29 Canal street, to an out-of-town address.

Mrs. Louisa Van Kleeck expects to return to her home in Poughkeepsie over the weekend but will return to the home of Mrs. Arker Kelder of Napanoch April 9 for another visit.

Mr. and Mrs. Vernon J. Kelder expects to leave for Chicago on Tuesday, April 9 to attend the second annual Little League Congress to be held at the Morrison Hotel in that city April 10-13. Mr. Kelder, is the elected district representative of 25 Little Leagues in this section of the state and will represent those leagues at the Congress.

'S NO USE—Although it was almost April, it seemed the closed season for spring when this sportsman went out to hunt. The snowman in the front yard of an Omaha, Neb., home carried an air rifle. It was built in the wake of a 14-inch spring snowstorm.

## Camp Directorship Assigned by Local Girl Scout Council

BARBARA PLATE

Miss Barbara Plate, senior high school physical education instructor in Ramsey, N. J., has accepted the directorship of Camp Wendy, Ulster county's established Girl Scout camp in Wallkill, according to Mrs. Donovan Buehring, Girl Scout Council president.

Miss Plate has announced that in addition to the many activities instituted at the camp, archery will be added to the list this year.

Miss Dorothy Brett, physical education instructor in the Kingston elementary schools, will assist Miss Plate in setting up the archery site.

Miss Plate brings with her a vast experience of overall camp administration. She also serves as finance and equipment chairman of the Golden Knot Council of Girl Scouts in Teaneck, N. J.

The new Camp Wendy director is a graduate of Douglas College, N. J., with a major in physical education and is doing graduate work on her MS degree in camp administration at New York University.

She plans to hold a one-week intensive pre-camp training session with a full staff of qualified personnel on June 24. The camp will officially open for the season on June 20.

Information regarding rates, activities and reservations may be obtained from the Girl Scout office, 292 Fair street.

## Good Taste Today

By EMILY POST

(Author of Etiquette, Children Are People, etc.)

**AN UNGIVEN PRESENT**

A woman writes as follows: "I was invited to a shower which was being given for my neighbor's daughter. I bought her a very nice present. One afternoon while in the midst of wrapping the present, she dropped in to see me. She admired the gift and I said that it was for Mary's shower. She said Mary was very lucky to be getting such a beautiful present. A week before the shower was to have taken place, the bride's brother passed away and the shower was postponed. The bride was married very quietly and I have heard nothing more about the shower. My husband and I sent her a wedding present. What do I do about the shower present? Since the bride's mother saw it and knows I bought it for her daughter, am I obliged to give it to her anyway, or may I keep it and give it to someone else?

Since the shower was called off and considering that you gave the bride a wedding present, there is no obligation to give her an extra present.

**Proposing a Man for a Club**

Dear Mrs. Post: My husband is head of a large company and is often asked by business acquaintances to put their names up for membership in certain clubs. He does not think that some of these men who ask him to do this will fit in with the other members and does not feel that he can put their names up for membership. Will you please tell us how he can tactfully handle this situation?

Answer: Your husband might explain to these would-be members that he has found that to put a man's name up requires more time and work than he can afford to give and that he has therefore made it a rule never to propose anyone.

**Sensitive Husband**

Dear Mrs. Post: My niece recently adopted a baby. I wrote her a note telling her how happy I was to hear the news and giving her my best wishes. I addressed the note to my niece alone and did not include her husband. I am being criticized for this. Will you please tell me if I was wrong?

Answer: Although it would have been kinder to have written that you were glad to hear "your and John's news," you should not have been criticized for omitting him.

## Kingston Newspaper Guild Receives 30 Entries for Page One Ball; Finalists to Be Selected at Wiltwyck Club on April 20

**JOAN WENZEL,** 17, daughter of Mr. and Mrs. Joseph Wenzel of 84 Andrew street, one of the 30 entries received to date in competition for Page One Queen. Miss Wenzel, a 1956 graduate of Kingston High School, has been employed for the past two years at the local Western Union office. She is fond of swimming and skating. The crown, which will be used in coronation ceremonies, is being donated by Rae Barth of 45 North Front street. The queen will receive permanent possession of the Kingston Newspaper Guild's silver loving cup.

**KAY THOMPSON,** 21, daughter of Mr. and Mrs. Luke Thompson of 44 Hoffman street, an entry in the competition, attended St. Augustine's elementary school and St. Francis Xavier Academy in Brooklyn. During high school she was active in sports and a member of the Legion of Mary Sodality and served on the staff of the Gateway, school yearbook. She attended New Paltz State Teachers College for a year and in December, 1955, joined IBM in Poughkeepsie, moving to Kingston last summer with the Electric Typewriter Division. Miss Thompson joined the Coach House Players in September, 1955. (Photo Workshop).

**DOLLY PULVIRENTI,** 16, Box 385, Port Ewen, who is attending the Academy of Beauty Culture in Newburgh, is one of 30 entries received to date in the Kingston Newspaper Guild's Page One Queen competition. Miss Pulvirenti will graduate in cosmetology in September, 1957. Competition for Page One Queen, who will be crowned at the annual Page One Ball Saturday night, May 4, is open to any single or married young lady who is a permanent resident of Ulster county and has reached her 16th birthday but has not reached her 25th birthday when her entry is received. ## Baptist Men Plan Ladies' Night April 24 Hear Typewriter History by IBM Manager

Definite plans for the annual Ladies' Night program sponsored by the Men's Club of First Baptist Church were formulated Wednesday night during the regular monthly dinner meeting which was addressed by Henry O. Wickman, manager of machine improvement of customer engineering at the local IBM plant.

Norman Bowen, president, announced that Ladies' Night will be held Wednesday, April 24, at 6:30 p. m. A turkey dinner is being arranged and a program will be presented including tricks of magic by Fred Van Deusen, a violin solo by Mrs. David E. Smith, a member of the church and a travelogue with colored slides of Mexico shown by Mrs. Arthur E. Oudemool.

Tickets are now on sale and may be procured from William Williams, chairman; Harrison Forde Jr., Billy Smallwood or any member of the club. No ticket reservations will be accepted after Monday, April 22.

Mr. Wickman, who has been associated with IBM for 19 years, presented a thorough and interesting commentary on the history of the typewriter from its actual beginning in 1873 through to the present day of the electric machines.

The speaker pointed out that E. Remmington & Son had the first machine but that it was not placed on the market until the following year. Mr. Wickman said that Mark Twain was one of the first purchasers of the new creation.

Among the other informational points of interest the speaker brought out were:

The double keyboard was introduced in 1874.

The portable typewriter, which opened like a sewing machine, came about in 1906.

Real headway was made starting in 1920 for power-driven typewriters.

The electric carriage return was realized in 1923 by Remington.

The IBM official pointed out that his concern entered the typewriter field in 1933 when the firm bought out the Electromatic Typewriting Co., which was formed in 1928 in Rochester.

The speaker, who said IBM is regarded as the outstanding manufacturer of electric machines, said this was due largely to two particular reasons:

1.—The spirit of "family cooperation" by officials and employes of IBM.

2.—Top-notch service of the machines, he said IBM has the best service organization in the world.

Mr. Wickman said the improvements made by the electric typewriter division of IBM has actually proved to be a boon to printing concerns.

Prior to the dinner, Lewis Gillette, program chairman, led the group in the singing of several favorites with Mrs. Walter T. Johnson at the piano. William Williams introduced the guest speaker.

The Rev. Harold J. Stephanz, pastor, gave the invocation before the meal.

**Baking Acorn Squash**

When you are baking halves of acorn squash, place them cutside down in the baking pan and add a little water to the pan. About halfway through the baking period, turn halves so cavities are up. Acorn squash halves bake in about one hour.

Nice Friday menu: macaroni and cheese, escalloped tomatoes and lemon-buttered spinach.

## Miss Hazel Steed Addresses Meeting

Miss Hazel Steed, executive secretary of the Ulster County TB and Health Association, was the guest speaker at a meeting Tuesday of the Ulster County Democratic Women's Club.

In her address, Miss Steed explained the program of the association and urged the women to take an active part in it.

A film, "Activities of Maturity" was also shown in conjunction with Miss Steed's talk.

The next meeting of the club will be held Wednesday, April 24, instead of April 30.

Amazing New Beauty Discovery!
DOVE creams your skin while you bathe

New bath and toilet bar is one-quarter cleansing cream

ORDINARY toilet soap *dries* your skin. But DOVE, the sensational new bath and toilet bar, is different. It actually *creams* your skin while you bathe.

You *use* DOVE just like soap—in your shower, bathtub and wash basin. But DOVE is a completely *new formula*. It makes soap old-fashioned.

Rich cleansing cream

One-quarter of every bar of DOVE is rich *cleansing cream*. That's why DOVE makes your skin feel so soft and smooth—with none of that dry, tight feeling you get from using soap. DOVE is *good* for your skin.

You can *feel* the rich cleansing cream in DOVE. You can actually *smell* its creamy, luxurious fragrance.

DOVE lathers *instantly*—even in hardest water. And it leaves no bathtub ring.

DOVE looks different, too. It has a fascinating new *shape*—sculptured to fit the hand.

Lever Brothers unconditionally guarantees that DOVE is better for your face, your hands, your whole body, than any toilet soap. If you don't agree—we'll give you back every penny you paid.

## 19th Century Music Will Be Studied By Music Group Here

Mrs. Arthur Pedersen was hostess to the Music Appreciation Group last week at which time she, as program chairman, presented a course of study for next year which will include 18th and 19th Century and Modern Music.

Mrs. Richard Morse presented the topic for the day which was a study of Beethoven's 9th Symphony. A brief biographical sketch of the life of Beethoven, stressing the spiritual side of the great composer, was read by Mrs. Morse.

A Music Appreciation record, with explanations, was played and was followed by parts of the regular 9th symphony recording played by Pro Musica Symphony Orchestra of Vienna with Jascha Horenstein conducting.

Tea and a social hour followed the program. Miss Grace Shumway was hostess with Mrs. Pedersen and Mrs. William Ochs presiding at the tea table.

The next meeting of the group will be held Thursday, April 4 at 2 p. m. at the home of Mrs. Frank Thompson Sr., 256 West Chestnut street.

## Fish Cookery Lesson To Be Held Monday At Onteora School

A fish cookery demonstration showing preparation of fish in quantity is to be given for local school lunch personnel and others interested in quantity feeding. It will be presented by a U. S. Fish and Wildlife Service home economist at Boiceville at Onteora Central School on Monday, April 1, at 5 p. m.

All school lunch personnel, dietitians, home economists, institutional users of fish, fish dealers, and others interested in fish cookery are cordially invited.

This demonstration is part of a series being presented in New York by the State Department of Education in cooperation with the Fish and Wildlife Service of the U. S. Department of the Interior. Mrs. Betty Jane Barringer, School Lunch Manager, is one of the local persons giving her cooperation and assistance to the arrangements.

Miss Helen Snyder, the Fish and Wildlife Service home economist, is a fish cookery expert. She has presented demonstrations in many other states, and has also appeared on many TV and radio food programs. When not traveling, she works on the developing of new fish recipes at the Service test kitchens at College Park, Maryland. Hall P. Mefford, Fishery Marketing Specialist from the Fish and Wildlife Service, has been making the arrangements for this demonstration. He will appear on the program with Miss Snyder and will speak on the local availability of fishery products.

During this hour and a half program, six fish dishes will be prepared and the audience will have a chance to taste the finished products. None of the fish will be pan or deep fat fried, for one aim of the demonstration is to show how this economical protein food can be appetizingly used in different ways.

One purpose of the New York School Lunch Program is to help improve the nutritional standard of the community. This fact, plus the importance of the schools as consumers of food products, has resulted in the building of many important community interrelationships. For this reason the attendance at the demonstrations is not limited to school lunch personnel. Dieticians, nutritionists, food economists, institutional users of fish, fish dealers, and others who may be interested in large-quantity fish cookery, are cordially invited and urged to attend. Assurance is given that much worthwhile and useful information will be in store for all.

## Garden Treatment, Aids Are Discussed By Ulster Members

At the home of Mrs. Mortimer B. Downer, 55 Fair street, members of the Ulster Garden Club held a round table meeting at which the principal discussion concerned the plant materials and treatment of the individual gardens of the members for the coming summer.

Mrs. Howard Lewis gave a report on the 1957 New York Flower Show which will be held at the New York Coliseum March 31-April 6. The theme of the Garden Club of America's Exhibit on the main floor will be "Little Old New York" and the setting will be a street scene leading into New York Harbor, with the masts of ships visible in the distance. The season, of course, will be spring, about the period of 1830.

After the meeting, tea was served. Mrs. Howard A. Lewis and Mrs. Richard Thibaut poured.

# Death Toll May Reach 100 in 2 Mexican Blasts

Mexico City, March 28 (AP)—Rescue workers dug through a wrecked block of rubble today seeking more victims of two explosions in a fireworks factory that left more than 100 Mexicans dead or injured. Police hunted the factory owner for questioning.

Eleven bodies—four of them of firemen—had been recovered late last night and 100 persons were hospitalized. Many of the injured were not expected to live.

**To Quiz Owner**

Most of the casualties resulted from the second blast, which came as hundreds of curious neighbors watched firemen fighting the fire after the first explosion. Because it was lunchtime, the factory—apparently in a poor residential district—apparently was empty.

Police said they wanted to question Antonio Joyas Chavez, owner of the fireworks factory. Officers said his adjoining warehouse was illegally filled with dynamite and other explosives.

The factory was less than a mile from Mexico City's International Airport and many windows in airport buildings were shattered. Clouds of dust raised by the blasts forced incoming planes to circle the field until visibility cleared.

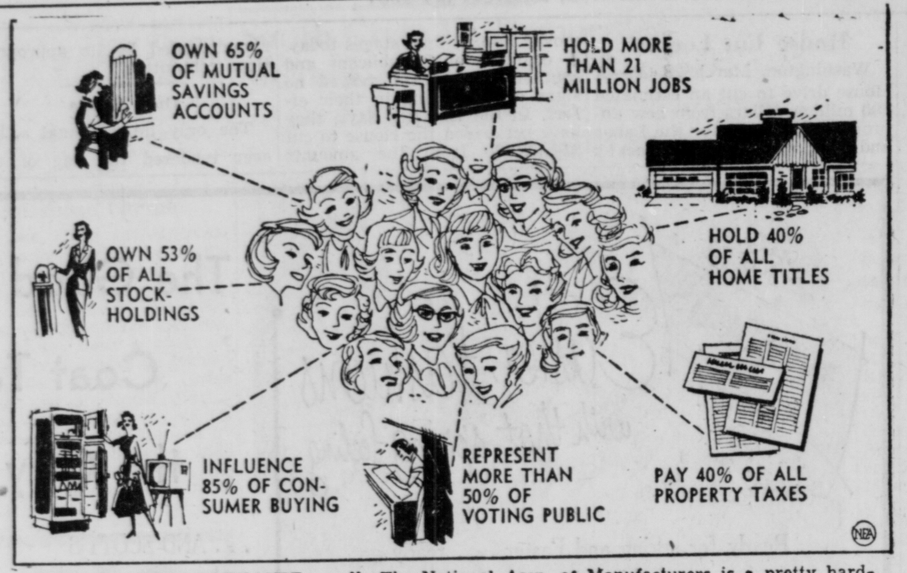
The sound of the two explosions could be heard over the noise of noonday traffic in the heart of the city five miles away.

### Returning to Israel

Tel Aviv, Israel, March 28 (AP)—Soviet Ambassador Alexander Abramov is on his way back to Israel. He was recalled to Moscow last Nov. 5 as a Soviet sign of protest at Israel's invasion of Egypt. The Israeli press quoted sources close to the Soviet embassy as saying Abramov left Moscow yesterday and would make several stops at other foreign capitals, including Paris, before reaching here in mid-April. The newspapers said Abramov was expected to direct an enlarged Soviet campaign in the Middle East against President Eisenhower's doctrine.

### Treasury Receipts

Washington, March 28 (AP)—The cash position of the treasury March 25, 1957: Balance, $5,049,149,408.94; deposits fiscal year July 1, $56,234,805,533.83; withdrawals fiscal year, $56,521,784,789.96; total debt, (x) $272,182,355,905.94; gold assets, $22,305,272,529.00; (x) includes $450,744,218.71 debt not subject to statutory limit.



"NEVER UNDERESTIMATE . . ."—The National Assn. of Manufacturers is a pretty hard-headed bunch of hombres, so when they underline the increasingly important role of women in the nation's economy it's time for interested males to sit up and pay attention. Newschart above illustrates some of the facts about U.S. women recently stressed by the NAM. On the basis of those facts and others—such as the expectation that the female labor force will number 32 million by 1975, the NAM plans to greatly expand its activities in the women's field.

### Volcano Erupts

Managua, Nicaragua, March 28 (AP) — Concepcion Volcano in the Lake of Nicaragua erupted violently last night and intermittent blasts continued today to send dense clouds of lava dust over a wide area. The 6,990 foot volcano is on the island of Ometepec in the 85-mile long lake in southern Nicaragua. Radio reports from the island said it was shaken by earthquakes and that one side of the volcano was almost covered by lava. The volcanic blasts caused alarm among residents of Rivas, 18 miles to the west on the mainland.

### Briscoe in Toronto

Toronto, March 28 (AP)—Dublin's Jewish lord mayor, Robert Briscoe, arrived in Toronto for a visit yesterday and last night was joined by a second grandchild. Briscoe's daughter, Dr. Joan O'Reilly of Kingston, Ont., gave birth to a 7-pound 1-ounce girl in a Toronto hosspital as her father spoke at a United Jewish Appeal fund-raising dinner. Dr. Joan is the wife of Dr. Hugh O'Reilly, a radiologist at Toronto's St. Michael's Hospital, where the child was born. The couple has one other child, also a daughter.

### Mercury Sales Up

New York, March 28 (AP) — Sales of Mercury automobiles showed a strong upsurge in the metropolitan New York market area in a recent 10-day period, William B. Grete, New York district sales manager announced today. Grete said sales for March 20 ran 43 per cent ahead of the first 10 days of March. He reported it was the best 10-day sales period for the New York district in seven months.

### Watch Your Hat

Georgetown, Ky. (AP) — Scott County Coroner Jack Turner plans to hang one of those "Watch Your Hat" signs in his home. While the family was eating, a burglar sneaked away with his hat—and overcoat.

OFF PAROLE—John Cacopardo, 46, a ministerial student at Bloomfield College and Seminary in New Jersey, is shown March 27 after receiving word from the office of New York's Governor Harriman that he has been freed from lifetime parole restrictions. Cacopardo served 16 years in prison for a murder he says he did not commit. (AP Wirephoto)

# Onteora Council Announces Two Major Changes

Two major changes brought about by the adoption of a constitution at a recent meeting of the Onteora Council of Religious Education include a change in the name of the organization and a provision for a formal installation of officers and teachers.

The name of the organization will now be OC of Christian Education instead of Religious Education.

The new constitution also provides for a service of worship in one of the churches of the council when officers and teachers will assume their duties in June. Officers are to be elected annually in March.

Officers elected at the meeting include the Rev. Larry Wincentsen, reelected president; the Rev. Clarence Murry, vice-president; the Rev. Richard R. Guice, secretary, and Arthur Sampson, treasurer. Director of program for the 1957-58 program year is the Rev. Ernest Estes.

### Vanishing Farms

Columbus, Ohio (AP)—Increasing mechanization of the American farm is resulting in fewer but larger farms, says H. R. Moore, Ohio State University professor of agriculture and economics. Moore says a study of census records shows a decided drop in the number of farms since the end of World War 2. In Ohio, according to Moore, the number of farms dropped by 43,000 to 177,000 between 1945 and 1954. In the same period, the average farm size increased from 110 to 113 acres.

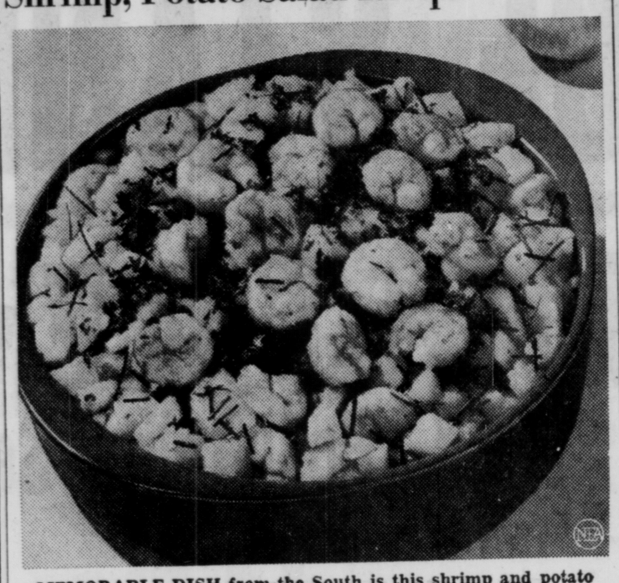
## South Gives Us Memorable Shrimp, Potato Salad Recipe



**MEMORABLE DISH from the South is this shrimp and potato salad served over crisp, shredded lettuce.**

**My GAYNOR MADDOX**
NEA Food and Markets Editor

Helen Hughes of New Orleans, a home economist with a flair for the finest, told us about a shrimp and potato salad she could never forget. Here's her recipe:

**Shrimp and Potato Salad**
**(Serves 4)**

One pound new potatoes, scrubbed, 3 cloves garlic, 3 sprigs thyme, 1 stalk celery, 2 hot peppers, 2 bay leaves, 1 teaspoon whole cloves, 1 teaspoon salt, 3 tablespoons vinegar, one 8-ounce package raw-frozen fully peeled, deveined shrimp, 1 teaspoon salt, ¼ teaspoon pepper, 1 tablespoon grated onion, ¼ cup minced parsley, 2 tablespoons minced chives, 2 tablespoons olive oil, 2 tablespoons wine vinegar.

Cover potatoes with water; add next eight ingredients. Cover and cook until potatoes are tender. Add defrosted shrimp and cook 3 minutes longer. Peel and cube potatoes; mix with shrimp. Season with salt and pepper; add onion, parsley and chives. Combine olive oil and vinegar and bring to a boil.

Pour over potato and shrimp mixture and toss lightly with a fork. Chill and serve over crisp, shredded lettuce.

And here's a dish from the West—broccoli souffle:

**Broccoli Souffle (6 servings)**

One-quarter cup butter or margarine, ¼ cup sifted flour, 1¼ cups milk, ½ cup grated sharp American cheese, 5 eggs, 1½ teaspoons salt, 1½ cups finely chopped broccoli, ⅛ teaspoon minced garlic, 2 tablespoons lemon juice.

Melt butter or margarine, add flour and mix to a smooth paste. Add milk and cook slowly over low heat until thick; stir constantly. Add cheese and cook until melted. Remove from heat.

To cheese mixture, add yolks well beaten with ½ teaspoon of the salt. Add garlic, broccoli, and lemon juice. Sprinkle egg whites with the remaning teaspoon of salt and beat until stiff. Fold in cheese mixture and mix only until blended. Bake 60 minutes at 350 degrees F. in well-greased 1½ quart baking dish placed in pan with 1 inch of hot water.

**TOMORROW'S DINNER:** Cream of shrimp soup, broccoli souffle, whole buttered baby carrots, split and toasted rolls, butter or margarine, fresh strawberry tarts, coffee, tea, milk.

## Tillson

Tillson, March 27—Mrs. Howard Sutherland entertained at a luncheon at her home on Monday in honor of Mrs. Frank Rowe's wedding anniversary. Guests at the luncheon included Mrs. Walter Born, Mrs. Peter Hoffman, Jr., Mrs. John Schultz, Mrs. John Banach and Mrs. Hollis Harvey.

Mr. and Mrs. Herman Kraemer of Huntington, L. I., are the parents of a daughter, Deidre, born on March 21. Mrs. Kraemer is the former Miss Margaret Schultz, daughter of Mr. and Mrs. John Schultz of Tillson.

Mr. and Mrs. John Banach entertained the following guests over the weekend: Mr. and Mrs. Joseph Banach and children, Patricia and Joanne, of New York city; Mr. and Mrs. William Laik and children, Bernadine and William, Jr., of New York city and Arthur Operkowski, also of New York city.

James Arthur Rowe, infant son Mr. and Mrs. Frank Rowe, was christened Sunday, at services held in the Trinity Lutheran Church in Kingston. The Rev. Frank L. Gollnick officiated. Godparents of the child are Mr. and Mrs. Kenneth Ryan of Kingston.

### Cavity Filler

Creamed ham is delicious spooned into the cavities of hubbard-squash halves that have been baked. Sprinkle with parsley for flavor and color.

## Lutheran Church Notes

Woodstock, March 28 — The Rev. G. Oliver Sands, pastor of Christ Lutheran Church, plans to preach from the 13th verse of the 13th chapter of St. John at the 11 a. m. service, Sunday, March 31. "Ye Call Me Master and Lord" being the words of Christ to his disciples.

The Sunday School will convene at 9:45 a. m. with classes for all ages, including confirmands and adults.

The nursery for small children will be held at the parsonage during the 11 a. m. service with Mr. and Mrs. Martin Klinger in charge.

Since the Woodstock church has been invited to the Sunday evening showing of the Martin Luther film in the local Reformed church, the meeting of the Luther League is postponed to Monday evening, April 1, at the home of Mr. and Mrs. John Wolven and Marilyn. Leaders of the devotions and games are Messrs. Albert Holumer, Michael Mayer and Bruce Van Kleeck. They will also serve the refreshments. Practice will also be held for the Youth choir for installation on Sunday afternoon, April 7, at 4 p. m.

Altar flowers recently have been given by Mr. E. T. Shultis and Miss Annette Dietz.

The Rev. and Mrs. G. Oliver Sands met with a joint committee of the Women's organizations Monday night at the parsonage when plans were made for a reception to follow the installation service for the pastor on April 7. Those present were Mrs. Percy Croswell, president of the United Lutheran Church Women; Mrs. Albert Holmuzer, president of the Young Women's Guild; Mrs. Victor N. Lasher, Mrs. Hans Horgen, Miss Florence Peper, Mrs. Frank Mayer, Mrs. Erwin Holumzer and Miss Annette Dietz.

Sunday school rehearsals for the Easter program by the beginners, primaries and juniors are held at 10 a. m. on Saturday mornings at the church.

The Rev. David C. Gaise, pastor of Redeemer Lutheran Church in Kingston, will preach the sermon on April 7, at 4 p. m. Installation service of the Rev. Mr. Sands. The installing official will be the Rev. Clayton G. Van Deusen, president of Eastern Conference and pastor of Emmanuel Lutheran Church in Albany. The Rev. Alvin Messersmith, pastor of St. Paul's Lutheran Church will be the liturgist.

## Village Notes

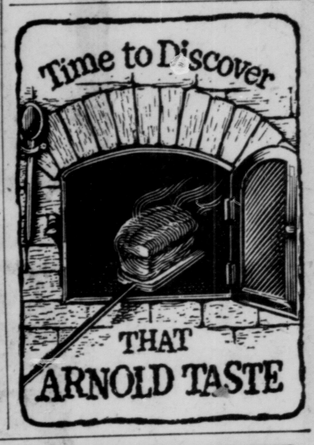
Woodstock, March 28 — Lee Marvin, son of Mr. and Mrs. Lamont Marvin of Bearsville, movie and TV actor, will make his Broadway debut in the starring role in G. F. Reidenbaugh's "The Strongest." The play originally announced for spring production by Michael Laurence and Stephen Richards, is scheduled for presentation in the early fall.

### The Best Laid Plans

London, Ky., (AP) — It's not often a dishonest person will deliberately lower the amount of a check he has stolen. A check for $805.80, taken from a mailbox here, was altered to read $8.05. The thief apparently thought he would never get by if he tried to cash it for the original amount. He cashed the check at a grocery and the store, in turn, presented it to a produce house in payment for $8.05 in vegetables. Somebody at the produce house finally noticed the discrepancy and notified police and postal authorities. They arrested the culprit.

Some good cooks like to add sausage meat to a ground beef loaf.

Save tin cans with tightly fitting covers and use for steaming brown bread or fruit-cake type pudding.



Try This Tomato Surprise!

Scoop out insides of a plump tomato. Then sprinkle the inside with a thin layer of Sterling Salt. Invert tomato shell and drain. Salt draws out the excess moisture, leaves shell firm. Fill with cottage cheese, or mixed cottage cheese and sour cream. Garnish and serve.

You add extra zest and sparkle to any dish with Sterling Salt's pure, snow-white "sparks of flavor." Plain or Iodized. Damp proof.

# Trail Picked Up Of Woman Taken By Iran Bandits

Tehran, Iran, March 28 (AP)—Government officials said today that troops and police had picked up a paper trail left by a pretty American woman kidnaped by bandit tribesmen who killed her husband and another U. S. Aid official.

Government sources said they believed the band of Nomads, about 12 in number, had kidnaped Mrs. Anita Huovar Carroll, 35, of Issaquah, Wash., to "sell her on the Arab coasts of the Persian Gulf and the Gulf of Oman."

**Troops Closing In**

More than 1,000 Iranian troops and police were reported closing in on the bandits fleeing across the Tangeorkheh desert of southwestern Iran. There was some speculation they might be trying to escape into Pakistan.

Reports reaching the capital from the remote area said the search forces had "found little pieces of paper thrown away by Mrs. Carroll as she was forcibly taken away." The reports said the hunters found the paper trail very useful in their pursuit.

The dead Americans, according to Iranian officials, were Mrs. Carroll's husband, Kevin 37, a point four area development adviser for Kerman, Iran, and Brewster A. Wilson, 35, of Portland, Ore., a regional specialist for the Near East Foundation and a contractor in Iran for the International Cooperation Administration (ICA).

**'Drop Dead' File**

Philadelphia (AP)—Mayor Richardson Dilworth keeps a "Hate File" on his desk. There he stores all anonymous "drop dead" letters he receives and shows them to people who wonder what it's like to be mayor. Dilworth says, however, that most of the 50 to 100 letters he gets a day are from citizens with real problems or serious questions. The mayor of Philadelphia has to keep many people happy —he has more citizens to report to than 22 governors.

**Big Light**

Calvert City, Ky. (AP)—Hugh Smith shoved in the cigarette lighter on his car and got a bigger light than he expected. In some manner, a spark ignited gasoline fumes and caused an explosion. The convertible, its top flapping, rolled on for 100 feet. The trail marked by its two doors and assorted nuts and bolts. Also left in its wake was Smith, who was blown out. He suffered only cuts and bruises.

THEIR TRANSACTIONS PROBED—The Senate rackets investigating committee questioned Nathan Shefferman, right, on March 27 about his financial transactions with Dave Beck, left, president of the Teamsters union. During a recess Beck displayed this big grin while joking with newsmen. About the same time, Shefferman, a Chicago labor-management consultant, wiped his face while waiting to resume testimony. ## Fire in . . .

ly—as a result of two gas explosions which started fires that demolished a small restaurant and heavily damaged an adjacent rooming house and one-story church building in mid-town Poughkeepsie early last Thursday evening.

It was reported at the time that apparently a leak in one of the Central Hudson gas lines had caused the blasts.

Gay's Dinette on Mill street was demolished by fire, a three-story brick-wood rooming house adjacent to the restaurant and a one-story church were heavily damaged by the explosions and fire.

The concussion blew out a display window of the Electra Supply Co., Inc., 331 Mill street, located across the street from the restaurant. The Friendly Baptist Church adjacent to the restaurant was gutted by flames.

## UN Chief Hopeful

Egypt views it desirable to keep the UN forces along the border dividing the Gaza strip and Israel.

**New Canal Proposals**

Hammarskjold has proposed stationing of UN units along both sides of the armistice line to curb border raids and lessen the danger of renewed violence. Israel has said it will not permit their assignment to Israeli territory.

The secretary general also brought back word of Egypt's latest proposals for running the Suez canal.

Nasser was said to be insisting still that all canal tolls must be paid to Egypt, but agreeable to setting aside 25 per cent for UN technical assistance in developing and maintaining the waterway and 5 per cent to compensate stockholders of the old Suez Canal Co.

## Move Made . . .

that might occur from vetoing the measure.

James C. Ferry, a member of the Norwich City Council, said this Chenango county city "is obligated to give quick and earnest service to O&W men" who will be made idle.

Ferry said many of the men affected in the shutdown will be unable to get jobs in industry because of age. The Council member suggested some of the idled workers be given employment by the city.

The majority of 1,500 O&W men may be eligible to file application for unemployment benefits under the Railroad Unemployment Insurance Act, the Railroad Retirement Board said today, and others may choose to file applications for annuity under the act.

Residents of Ulster county affected by the closing of the railroad may apply for direction relative to unemployment claims at New York Central Railroad Company's agent-telegrapher offices in Phoenicia, Saugerties, Ashokan, New Paltz, Wallkill, Marlboro, Milton, Ellenville and Highland; and in Kingston at the office of the agent NYC, engine house clerk and office of the agent or cashier, Railway Express Agency.

Federal Judge Sylvester J. Ryan has ordered the "Old and Weary," now in receivership, to cease operations Friday night.

For months, Harriman, lawmakers and representatives of communities along the 554-mile line have attempted to keep the railroad in operation.

Harriman disclosed yesterday that several railroads had indicated they might be interested in taking over certain sections. He said the New York Central was negotiating for a portion in the Oswego-Fulton area.

But the governor said nobody had offered to take the railroad as a whole.

Democratic Minority Leader Joseph Zaretzki of Manhattan asserted that the O&W already was a "corpse." He criticized the latest Republican move as "trying to keep a corpse alive by asking the taxpayers to pour their lifeblood into a dead body."

Zaretzki declared that a million dollars was "a heck of a big price to pay for a few Republican votes."

Democrat Samuel Greenberg of Brooklyn said the plan would be "ludicrous and laughable" only that the Republicans were intending seriously to put it into effect. Greenberg contended the proposal would "take a million dollars of the taxpayers money and send it down the drain."

The O&W runs from Oswego, N. Y., to Weehawken, N. J., with a spur to Scranton, Pa.

## Births

The city registrar recently recorded the following births:

March 22—Terry Ann to Mr. and Mrs. Andrew Markle, Ulster Park, and Karen Lee to Mr. and Mrs. Allan F. Nissen, Hurley.

March 23—Ellen Marie to Mr. and Mrs. William R. Lifer, Mt. Marion; Timothy J., to Mr. and Mrs. Charles James Savago, Jr., Upper Main street, New Paltz; Steven Michael to Mr. and Mrs. Bernard Heidcamp, 68 Pine Grove avenue; Richard John to Mr. and Mrs. Richard Henry Shultis, 205 Washington avenue, and Susan Charlyne to Mr. and Mrs. James H. Gregory, Union Center road, Ulster Park.

March 24 — John Edward to Mr. and Mrs. Ernest Bodie, 153 Hunter street, and Judy Marie to Mr. and Mrs. Preston H. Coddington, Jr., 109 Hunter street.

**Children Die in Fire**

Patchogue, N. Y., March 28 (AP)—Two children perished today in a fire that destroyed their apartment home over a garage. The victims were Donna Maria Garcia, 3, and her sister, Lectricia 2. Volunteer firemen arriving at the apartment about 7:15 a. m. found the mother, Mrs. Carmen Garcia, 20, standing outside and screaming: "My two babies are upstairs."

**Four Fires Checked**

Firemen checked a chimney fire and three grass fires yesterday. A call at 7:42 p. m., was for the chimney fire in a house owned by John A. DeGasperis at 31 St. James street. The grass fire calls were, 4:27 p. m., off Summer street, 5:09 p. m., Ulster street extension, and 11:05 p. m., off Grant street.

## Closer Union

court. He said he expects to do so because of his income tax troubles with the Internal Revenue Service.

Beck said he would not attend a meeting of the AFL-CIO executive council, which has been called to meet Friday to consider his repeated use of the Fifth Amendment's protection against self-incrimination. A code of ethics adopted by the council early this year calls for expulsion of any labor official who uses the amendment to avoid answering questions about union affairs.

Beck remained outwardly confident but declined to talk, when he left Washington for Seattle by commercial plane this morning.

Arriving at the airport about 15 minutes before his scheduled departure time Beck brushed aside most questions from newsmen and went quickly to his seat.

**Serving Squash**

Bake acorn squash, then scoop out the pulp and mash with with salt, pepper, butter or margarine. Add sugar to taste and reheat. If there's a little leftover pineapple in the refrigerator you'll find it is delicious added to the mashed squash.

"HARD-BOILED" BUILDINGS—Coming up—three servings of massive concrete domes. They are the "eggs" in this trick photo. Three empty egg cups were held close to the lens and lined up with domed structures in background. The buildings are part of the new drainage system in Frankfurt, Germany.

school, a model of the school and floor plans will be on display.

Pictures of typical activities conducted at junior high school level will be shown. These pictures were recently taken by the school's audio-visual department.

Members of the Board of Education will each present a part of the panel discussion, Mr. Soper said, and ample opportunity will be provided for questions and answers. Parents and patrons of the school were urged by Mr. Soper to attend "this very important information meeting."

Advertisers invest more money in Newspapers than in Magazines, Radio, TV and Outdoor combined!

The figures change but not the story. Last year advertisers spent a *record* $3,305,000,000 in newspapers — again surpassing their *combined* expenditures in TV, magazines, radio and outdoor.

The figures have changed, too, in daily newspaper circulation — now up to a *new high* of over 57,000,000. This growth enables newspaper advertisers — national, regional and local — to penetrate anywhere in the nation.

How do advertisers rate leading media by the amount of money they spend? Here are the McCann-Erickson—Printers' Ink Preliminary Estimates of Advertising Expenditures for 1956, published on February 8, 1957:

| | |
|---|---|
| Newspapers | $3,305,000,000 |
| Television | 1,255,000,000 |
| Magazines | 782,000,000 |
| Radio | 565,000,000 |
| Outdoor | 200,000,000 |

No matter how you look at it — from the vantage points of circulation, penetration or adaptability — newspapers continue to give the best buy for your money.

## Girl Found Dead

Danielson, Conn., March 28 (AP)—A 17-year-old girl who left home last Friday after a minor quarrel with her mother was found dead in a swamp yesterday. She was Linda Sye, a high school honor student whose father is mortgage officer at the Danielson Federal Savings & Loan Assn. Dr. Arthur Chase, medical examiner, said Linda had been dead since Saturday. The girl was not reported missing until Sunday because, her mother said, she feared publicity and never doubted her daughter would return.

AT LAST—A GIRL—What a childhood awaits Mary Pat Ryan. She's already the pet of the Harry Ryan household in Cleveland, Ohio, and she has just arrived home from the hospital with her mother. Her seven brothers range in age from three to thirteen.

## Canada to Start Color TV by '59

Ottawa, March 28 (AP)—A royal commission called today for more Canadian television programs, with a start on color TV by 1959 and half the programs of the Canadian Broadcasting Corp. (CBC) in color by 1963.

The three-man commission headed by R. M. Fowler of Montreal recommended tougher regulations on broadcasting and television in Canada. It proposed a new 15-member supervisory board, responsible to Parliament, to watch over both the government-operated CBC and private stations. Many of the proposed board's functions now are performed by the CBC board of governors.

The report wound up a year's study. The recommendations are only advisory, but they are expected to guide the federal government over the next 10 years. No action is expected at the current session of Parliament, which is expected to dissolve within two weeks for a general election in June.

## IN THE Service

PAUL E. SCHMIEDEL, JR. 18, son of Mrs. Bee Weighail of 24 Abeel street, is completing the first phase of his basic military training at the "Gateway to the Air Force," Lackland Air Force Base, San Antonio, Tex. Upon completing his training, he will be assigned to an air force technical training course or an advanced basic training course.

## *Lutheran Church At West Camp Slates Activities*

A full schedule of activities for the congregation of St. Paul's Evangelical Lutheran Church of West Camp was announced today by the Rev. Alvin F. Messersmith, pastor.

The 11 a. m. Sunday worship service will follow regular Sunday school classes at 9:30 a. m. The sermon topic presented by the Rev. Mr. Messersmith is "Why Hast Thou Forsaken Me?"

**ULCW to Meet**

The United Lutheran Church Women of St. Paul's will meet Tuesday, April 2 in the parish hall at 1 p. m. Mrs. Rodney Lasher will be the leader of the topic, "Am I A Missionary?" or "Missions — More Than You Think." Mrs. Harry R. Coon and Mrs. John P. Prendergast will be hostesses.

The regular mid-week Lenten vesper service will be held Wednesday at 8 p. m. in the church. The sermon topic will be "Scourged."

West Camp Auxiliary will conduct its regular meeting Thursday with a covered dish supper served in the parish hall at 6 p. m.

The Couples Club of the church will reschedule its meeting for Friday, April 5 at 8 p. m. in the parish hall. Plans will be outlined for another Lenten clam chowder sale before Easter.

Next Sunday, April 7, a choir composed of members of the area churches will present Stainer's "Crucifixion" in the Saugerties Reformed Church at 8 p. m.

## Saugerties Vols VFW Blood Bank Drawing Tonight

The Saugerties community blood bank committee hopes that at least 50 volunteer firemen of Saugerties attend the special firemen's drawing tonight at VFW Hall, Livingston street beginning at 7 p. m.

According to Miss Marie M. McCutcheon, chairman of the community service sponsored by Saugerties Memorial Post 5034, VFW, 34 volunteer firemen have registered thus far representing four fire companies.

**Hope for 50**

"We hope that enough attend without appointments in order to reach our goal of 50," she said.

Although this is firemen's night, any one who would like to donate blood at this time may attend.

Fire companies who have responded to Miss McCutcheon's letter of March 1, seeking donors are: Centerville, Malden-West Camp, R. A. Snyder and Mt. Marion-Ruby Fire Companies.

Dr. Herman Ash of Saugerties will be the attending physician and Miss Mary K. Wiseman, RN will represent the Kingston Laboratory.

Donors are instructed to eat a light lunch two hours before their appointments and to abstain from all fatty foods and alcoholic beverages. Refreshments will be served by the VFW Auxiliary with Mrs. John J. Prendergast, chairman.

Miss McCutcheon announced that the public is invited to attend the drawing in order that they may become familiar with the community service project. Questions will be answered concerning the operation of the blood bank.

### Heads Blue Shield Plan

San Francisco, March 28 (AP)—Dr. Arthur J. Offerman, Omaha, Neb., surgeon, was elected president of the Blue Shield Medical care plans yesterday. The group named Dr. Carlton E. Wertz, Buffalo, N. Y., president-elect, and Dr. Carl Vohs, St. Louis, vice president. Dr. Norman A. Welch, Boston, was reelected president of Blue Shield Commission, the operating directorate of the Blue Shield medical care plans. The commission also renamed Dr. Fredrick H. Good, Denver, vice chairman; Dr. Dwight V. Needham, Syracuse, N. Y., secretary and James O. Kelley, Milwaukee, treasurer.

## *Briefly Told*

Syracuse, N. Y., March 28 (AP)—Joseph Augustine, 43, was injured fatally yesterday in the collapse of a section of a building being demolished.

Police said the second floor collapsed under him while he was cutting steel beams. Augustine was crushed under tons of steel and concrete.

The building is being removed to make way for an arterial highway.

Malone, N. Y., March 28 (AP)—Mrs. Berla Shields, 56, died yesterday in a fire at her home. Her body was found on a porch divan and Fire Chief Philip E. Clark said she apparently had fallen asleep while smoking a cigarette. The fire was confined to the porch. There was no estimate of the loss.

Washington, March 28 (AP)—An official of the National Congress of American Indians says most Indian tribes consider economic development essential to solution of health, education, housing and delinquency problems.

Mrs. Helen Peterson, executive director of the Congress, spoke yesterday at a hearing on a bill to authorize 200 million dollars in federal loans or grants to foster industrial development on or near Indian reservations.

The Senate Indian Affairs subcommittee conducted the hearing. The bill was sponsored by 20 Senators.

Detroit, March 28 (AP)—The Great Lakes Advisory Board says shippers should be allowed more time to unload freight cars at lake ports before premium car charges are set.

Additional car rental now is charged after two days in the ports. The board recommended at its meeting yesterday to increase to seven days.

The board said the change would encourage fuller use of the St. Lawrence seaway when that project is completed.

The Great Lakes Board advises railroads on customer problems in sections of Michigan, Indiana, Ohio, Pennsylvania and New York.

Albany, N. Y., March 28 (AP)—Gov. Harriman today proclaimed the week of March 31 to April 6 as Realtor Week in New York state. Harriman said that realtors had "done much" to help meet the state's housing needs and that he was looking to them for "even greater help" to "solve the urgent housing problems still before us."

Cortland, N. Y., March 28 (AP)—An $80-a-week bakery truck driver and his estranged wife were in police custody today on charges of neglect in the death of their 9-month-old daughter last month.

Eugene Morgan, 26, of Cortland, was arrested last night. He was to be arraigned in police court today.

His wife, Maude, 23, was arrested several hours earlier in nearby Homer, where she has an apartment.

# Quarter-Final Round Play Opens Tonight in Kingston Tourney

## Three City Fives To See Action In Doubleheader

Quarter-final round play opens tonight in the Kingston Basketball Tournament at the municipal auditorium.

Three city entries will see action. Kingston Stars are matched against strong Stewart Field Jets in the 7:15 curtain-raiser and in the nightcap, defending champion Sickler's Delivery faces Back's Cedaraps.

The original 16-field tourney has been narrowed down to eight clubs. The other remaining survivors include DUSO Sales Co., Staatsburg American Legion, Van Voorhis Lumber (Fishkill) and Pine Plains Bombadiers.

The opener promises to be a prime attraction. Kingston Stars impressed all in their thumping 83-66 win over Otisville opening night. Meanwhile, the Jets showed they are strong finishers in their 88-77 conquest of Stamford (Conn.) Knights of Columbus.

Sickler's appears to pack too many weapons for Back's in the afterpiece. Although the Deliverymen looked tired and less potent than in past years in their initial start, they still are the club to beat.

They showed their medal by spurting near the end to trim a very good Maines team, 92-78, Tuesday after Back's marched through Miron Lumber, 92-49, in the companion game of the twin bill.

## Cadillacs Open 6-Game Lead on 3 to 1 Triumph

A. J. Cadillacs opened up a six game lead in the county shuffleboard league by downing Don's American Cleaners, 3-1. The loop schedule has three weeks to run.

Pete's Ramblers, the loop's spoilers, battled second place Andy's Atoms to a 2-2 draw in other action.

George Harmon-Ed. McDevitt paced Cadillacs with a double victory. A. J. Oster-Bud Leininger nailed down the other win. Don Gallagher-Bud Rappleyea prevented a shutout for the Cleaners.

**League Standings**

| | W | L |
|---|---|---|
| A. J. Cadillacs | 41 | 19 |
| Andy's Atoms | 35 | 25 |
| Don's Amer. Cleaners | 33 | 37 |
| Pete's Ramblers | 21 | 39 |

Don Koeppen-Moe Playford teamed to rack up the Ramblers' win. For the Atoms, Harold Johnson-Art Brown did likewise.

Don's meet Andy's and Cadillacs oppose Ramblers next week.

## Accord, Caruso's Triumph In YMCA League Contests

Prolific scoring by Joe Dallao, who poured in 34 points, sparked Accord to a 95-70 victory over Corner Rest in the YMCA "B" League last night, and Caruso's high octane performance throttled the Texacos, 77-60.

Dallao bucketed 16 field goals and two from the free throw line for his total. Three teammates hit for double figures. They were Werner Wustrau with 28, Milt Ebert, 14, and Andy Anderson, a like total.

Accord opened the breach with a 10-point lead at the first period, and although Corner Rest drew even at the intermission they lagged by five points at the third period and were down 10 in the last canto.

**Ferraro Leads**

Don Ferraro contributed 26 to the losing cause, and Don Madison hooped 18.

Caruso's chilled Texaco's with a 10-point spread in the companion piece. Four players hit double figures. George Holstein paced the attack with 24. Phil DeCiccio hooped 18, Charlie Tiano 14, and Tony Musto 10.

Jack Dawkins and Bob Smith, with 16 apiece, were the heavy artillery for Texacos. Dick Landcastle bucketed 12.

Texacos splurged with a 23-point, third quarter but were unable to overcome the lead.

The cage twin bill will be sponsored by the Olive Square Club.

### Need Luck: Watson

## *Rangers Face Canadiens in Second Game*

New York, March 28 (AP)—"In order to beat Montreal, you have to be good and lucky."

That's what Phil Watson, coach of the New York Rangers, said as an after thought of his team's 4-1 setback at the hands of the Canadiens Tuesday night in the opening game of their best-of-seven Stanley Hockey Cup semifinal series.

Tonight Watson hopes the Rangers "get lucky" when they face Toe Blake's Flying Frenchmen at Madison Square Garden. The remainder of the playoff series then shifts to the Montreal forum with the third game Saturday night.

Both clubs are in good shape physically. Montreal's lone absentee Tuesday was rookie Stan Smrke, sidelined with a leg ailment. Center Larry Popein of the Rangers missedd the opener, but is expected to be ready tonight. Popein suffered a contusion of the left cheekbone in Sunday's final season game and was not up to par Tuesday.

### Crew Coach Dies

Belmont, Mass., March 28 (AP)—Henry Herbert (Bert) Haines, 78, prominent Harvard crew coach from 1920 until his retirement in 1952, died yesterday.

## Babe Ruth League Explains New Directive

Boys who will turn 14 years old anytime between Aug. 1-31 of this year are still eligible for Babe Ruth League play this season.

Jake Chichelsky, local BRL secretary, pointed out that under a new directive from national headquarters, boys who fall into this category would be declared "13 year olds," and thus be eligible. This will be taken care of by the league through a special form.

Pofessional football players, still incensed at Commissioner Bert Bell's alleged double cross at the winter league meeting, are mulling an ace gimmick to force owner recognition of their association—refusal to play lucrative exhibition games without pay. . . . .

Gene Littler

**When President Eisenhower winds up opening day in Washington, he'll be tossing out the 10 millionth (that's right) baseball made for the big leagues. . . . the majors consume 100,000 balls a year. . . .**

* * *

Blame the temporary golf eclipse of Gene Littler (remember him?) on tinkering with a swing that used to be faultless . . . listening to the advice of too many people fouled him up further. . . . He'll still bring out 10,000 of Frankie Laine's silver dollars in the upcoming Las Vegas Doughpen's Calcutta. . . .

**Tommy (Terrible Tantrum) Bolt is tired of newsmen apologizing to him for stuff they've written about his temperament. . . . Will throw a club for every line that's scribbled in the interest of publicity. . . .**

* * *

The most publicized recruit in spring baseball training is the Pirates' Dick Stuart, a right-hand slugger who's not even likely to last past cutdown date. . . . He has an aversion to fly balls. . . . Was told last year in the minors he'd have to hit "three homers a game to help any team" . . . so went out and bashed 66 for Lincoln. . . . For spare time fun (and cash) he has played rugged extra roles in Hollywood. . . .

**Yankee brass is not sure Tony Kubek hits the long ball enough to get settled permanently. . . .**

* * *

Looks bad for all-winning North Carolina's foes next year. . . . Reminded that the Tar Heels had sewed up a couple of the National Collegiate Athletic Association title play-off games with hotshot Len Rosenbluth (the only senior starter) on the bench, Coach Frank McGuire cracked, "I told you we'd be better next year" . . . informed a Philadelphia audience he has "another Tom Gola" and "another Paul Arizin" on his freshman team. . . .

**The National Basketball Association has found it can shut up one of pro basketball's clubhouse lawyers by bringing up the old subject of point-shaving scandals. . . .**

* * *

Al Balding, the Canadian golf pro with the full crop of hair, had no thought of making a living at dunking putts . . . until he won a company tournament—and a Toronto rubber factory lost a diligent employe.

**Sounds like Ben Hogan needed some ready cash when HE made the approach to a sports magazine to by-line golf lessons. . . .**

* * *

Buddies are pitcher Whitey Ford of the Yanks and college-educated fist-slinger Tony Di Biase from the same Astoria, Long Island, neighborhood. . . . Mickey Mantle has more than leg ailments to worry about. . . .

**Droll Louisville cage coach Peck Hickman had a New York reunion with Jack Curtice, who directs athletics at Utah. . . . Peck played at Central City High when cowboy Jack coached arch-rival Owensboro, Ky. . . .**

Between you'n'me, basketball will always be plagued by the free-throw line procession as long as it pays the team to foul. . . . Only remedy—let the fouled team keep the ball. . . .

## NLL Dates Approved

Kingston National Little League set Saturday, April 13 as first day for player registration and the 20th as the final date at a meeting this week.

Boys can sign from 9 a. m. to noon on these days at the NLL's home field. Tryouts will run through May 11 when the final cut will be made. Player auction is slated for May 15.

The season will open May 25 with a doubleheader. A brief ceremony will precede the inaugural.

**Managers, Coaches Set**

Managers and coaches for the four teams are set. They include Louis DeCicco and Celestine Caruso (Braves); Charles Diers and son Ronnie (Tigers); brothers Joseph and Emillio Primo (Indians) and Jack Kozlowski (Pirates).

A work bee is scheduled at the field Saturday. League asks as many fathers as possible to lend a hand.

A top turnout of 21 persons was on hand for the meeting. The next session is set for April 8 at the VFW.

### Bruins Confident

## *Boston Goes Against Red Wings in 2nd*

Detroit, March 28 (AP)—Coach Milt Schmidt feels his Boston Bruins have wiped out the Red Wings' home-ice advantage in their second game tonight in the Stanley Cup semifinals.

"When you get that first one it's a big one—and especially on the other fellow's ice," said Schmidt of Boston's opening 3-1 victory Tuesday night in the best-of-seven series.

Despite the opening Bruin triumph, the National Hockey League champion Red Wings are a one-goal favorite to win tonight before meeting Boston Sunday and next Tuesday on Bruin ice.

### Fights Last Night

Kansas City—Willie Vaughn, 160, Los Angeles, outpointed Joey Giardello, 159¼, Philadelphia, 10. (Missouri Athletic Commission may rule bout a "no decision" affair at Thursday meeting).

Tokyo—Hitoshi Misako, Japan, outpointed Akitoshi Sugisaki, Japan, 10. (Flyweights).

### Dr. Wasn't Looking

# *Starr Wins Feature With Straight Falls*

Two Hollywood mat titans—Ricki Starr and Dr. Jerry Graham—were out of town when they handed out the "Oscars" last night but if they had been in the film capital, which they call home, Graham's manager would have collected a piece of hardware for "most startling performance."

Graham's second, Bobby Davis (He calls himself the Elvis of wrestling) rocked a crowd of 1200—and his employer—with a solid smash to the chin that upended the blonde-thatched wrestler near the ropes and set the stage for Starr's two-straight-falls triumph at the municipal auditorium.

**Dansant Confuses**

Starr, wrestling's latest TV darling, wasted little time and Graham was confounded, to put it mildly, by all of the pirouetting and ballet routine which Starr demonstrated.

A switch in raiment was even more confusing, for Starr, 201, did a complete turnabout. He wore chartreuse trunks and black ballet slippers, a new spring fashion note, no doubt.

**This Is Ballet?**

Graham was disqualified at 6:25 after the main event was launched. Starr was driving him frantic with a routine befitting Saddler Wells. It even had Davis confused. So much so that he uncorked the right hand five minutes later and flattened Graham on the floor. Ricki went through the formality of a press and Graham, terrifyingly miffed about the whole episode, threatened to give Davis his pink slip of unemployment.

The semi final paired Wild Man Fargo and Wild Man Stevens against the tandem of Gino Garabaldi and Aldo Venturi. The latter were disqualified by Referee Chick Gaynor at 38:25 in a rousing embroglio that had ringside patrons charging the ring.

**They're Confused**

Confusion resulted when the 45-minute time limit expired. Fargo and Stevens felt they had just got started, but the officials ruled it was time to go home. Fargo and Stevens were awarded the match on the basis of one fall.

Soyama Kato, 228, of Okinawa, a Japanese import, throttled Cowboy Rocky Lee, 325, of Texas in theopening one-fall, 30-minute contest, at 19:35.

It was another brawling night in the auditorium ring and promotor Ted Baylay has promised more of the same in two weeks.

## *Giants Win 5-2, Gomez Impresses*

Phoenix, Ariz., March 28 (AP)—Righthander Reuben Gomez continues to impress on the mound for the New York Giants. The Puerto Rican pitched six shutout innings yesterday, limiting the Red Sox to two hits as New York won 5-2.

This was only his second spring appearance, but he has yet to be scored upon in nine innings and has given up only three hits. Against Boston, Gomez struck out five and walked two.

Mohawk Bowmen will hold their first spring shoot this weekend. Course is located on Route 9W just north of Milton. All archers are invited to compete.

## *Elks Capture 2nd Half Crown*

Elks won the Inter-Fraternal Shuffleboard League second half championship by whipping VFW, 5-2.

They will engage St. Mary's in a best-of-three series for the loop crown. Vets will take on Moose in a playoff for third place.

*Adcock (2), Aaron Homer*

# Braves Barrage Smothers Reds, 12-6; Spahn Superb

(By The Associated Press)

Manager Fred Haney has said all along that if his pitchers and hitters ever decide to get together the Milwaukee Braves will be mighty tough to beat for the National League pennant.

They missed by only one game last year when a few hits in the right spots could have changed the complexion of the pennant race, in which the Braves frittered away a solid lead in the closing weeks.

And at the start of this season's exhibition games it appeared as if the Braves were up to their old tricks. But they suddenly caught fire, winning six of their last eight games. The two setbacks were by only one run as the pitching staff rounded into shape. One was a 6-5 defeat by the Yankees and the other a 1-0 blanking by the Cardinals.

Yesterday they combined the ingredients that make a pennant contender as they beat the Cincinnati Redlegs 12-6. Warren Spahn, bell cow of the mound staff with a 20-11 record last year, allowed only six hits, one of them a homer by Bob Thurman, in seven innings.

**Get 14 Hits**

The Milwaukee hitters backed up his southpaw slants with 14 hits, including two homers by Joe Adcock—one a grand slammer—and another by Hank Aaron, the National League's No. 1 hitter last year. It was Aaron's sixth homer in the last 10 games.

About the only solace for the Redlegs, who now have dropped four straight, was Smoky Burgess' grand slam homer in the ninth off Gene Conley.

**Lary Shines**

The Braves were not the only ones who got good pitching.

The Detroit Tigers got a 3-hit job from Frank Lary, 21-13 last season, and Jim Bunning as they mauled the Brooklyn Dodgers, 18-1. Al Kaline hit two home runs and Charley Maxwell, Frank House and Reno Bertoia one each in the 20-hit assault on the cream of the National League champions' pitching staff—Sal Maglie, Ken Lehman and Clem Labine. Lary, especially, was impressive facing only 22 men in seven innings.

**Kucks, Too**

Johnny Kucks also turned in a fine pitching chore in holding the St. Louis Cardinals to four hits as he went the route for the Yankees. But the world champions dropped a 1-0 decision to the St. Louis Cardinals for their second setback by the same score in as many games. A double by Del Ennis and a triple by Hobie Landrith in the second provided enough working margin for Herm Wehmeier and Larry Jackson.

With Bob Lemon hurling the first five innings, Rookie Stan Pitula the next three and relief expert Don Mossi the final frame, the Cleveland Indians stopped the slugging Chicago Cubs 6-0 The Cubs, who had collected 35 hits in their three previous games, had to settle for three singles.

Elsewhere, the New York Giants chalked up their third straight victory and their eighth in the last nine games with a 5-2 decision over the Boston Red Sox; the Chicago White Sox exploded for eight runs in the third inning and a 9-4 victory over Washington with Minnie Minoso getting three hits and Larry Doby and Dick Donovan one homer each. Alex Kellner walked Ed Bouchee home in the 10th inning with the run that gave the Philadelphia Phillies a 4-3 triumph over Kansas City.

## Yellow Jackets Halt Blacktops Win Skein, 80-70

Yellow Jackets knocked Kingston Blacktops from unbeaten ranks, 80-70, Tuesday in a hard-fought YMCA "B" league game.

First game of the twin bill went to Ramblers over Wimpy's No. 2, 77-71.

Loss by Blacktops left them in a tie for top spot with Boulevard Gulf. Both clubs have 6-1 records and meet in a showdown Saturday at the "Y".

**Impressive Win**

Yellow Jackets won in impressive style, leading through every quarter. They fought to a 20-18 lead in the opening period and widened it to 41-24 at halftime. The three-quarter score was 59-45.

Jim Jackson and Buckey Miller led the winners in scoring, each with 20 points. John Burris flipped in 16 and Tamy Taylor 12.

**Tomaseski High**

Butch Tomaseski of the Blacktops led both sides with 24. Dick Richards and Ron Marks each hit 12.

Al Short's 26 paced the Ramblers. Nick Nagele and Vince Hart each tabbed 14, Ted Marable 12 and Tom Waters 11.

Ron Brant pitched in 22 for Wimpy's, Rog Brant 16 and Bob Davis 12.

## *Jersey Pilot Cops Rallye*

Joseph Kimble, of Newton, N. J., won the gruelling 450-mile Shongum Mountain Motor Club rallye held last weekend in Ellenville.

Kimble's navigator was Ken Keyes of Sussex, N. J. Del Lyons and navigator Terry Crose of Kerhonkson finished second while Jim Allison placed third. His navigator was Betty Dewitt.

The course covered a run through New York, New Jersey and Pennsylvania. First entry was clocked out on the course Saturday at 9 p. m., starting from the Channel Master parking lot.

Six entries finished the grind at a point in the vicinity of Middletown about 9 a. m. Sunday.

Carl Conner of Kerhonkson was in charge of the first check point at Neversink Dam and Percy Krom of Ellenville, assisted by Fred Weeks of Napanoch, was rallye master.

Trophies were awarded the three winners.

The club held its regular meeting at the Percy Krom property, North Main street, Ellenville, Monday night and tentative plans were made for an April Fool Regularity Run which will be held April 7 at 1 p. m. It will start at the parking lot at McAuliff's Market, Napanoch.

## Strafaci, Cassett In Semi Finals

Hollywood, Fla., March 28 (AP) The Hollywood Men's International Four-ball Golf Tournament went into semifinals today.

Frank Strafaci of Miami Beach and Louis Cassett at St. Louis, defeated Joe Mitchell at Hartford, Conn., and Paul Kelly of Ossining, N. Y., 1 up on the 19th yesterday to gain the semis.

Second worst theater fire in history occurred Feb. 14, 1836, at St. Petersburg, Russia, with a loss of 800 lives.

## St. Louis Team 2nd in ABC Roll

Fort Worth, Tex., March 28 (AP)—The St. Louis Budweisers, national match champions, fired a 3077 in their American Bowling Congress appearance to move into second place yesterday. Peter Hand, of Chicago, leads the division with 3126.

Fertel Jewelers of Akron, Ohio, climbed into third place with 3061.

The Budweisers posted games of 958, 1058 and 1061.

Dick Weber, co-holder of the national doubles title with teammate Ray Bluth, paced the St. Louis team with a 706 series. Don Carter, all-star champion, shot a 578, Bluth had 584, Pat Patterson 644 and Tom Hennessey 565.

Members of the team are expected to make a bid in the individual minor events today. There were no changes in the singles, doubles, or all events standings yesterday.

### Duke Has Trouble

Orlando, Fla., March 28 (AP)—The Dodgers' Duke Snider is having his difficulties at the plate this spring. The Brooklyn star outfielder is batting a paltry .125 with four hits in 32 trips. He played nine innings for the first time yesterday and failed to get the ball out of the infield in four at bats against Detroit.

Wilmington, N. C., March 28 (AP)—Burly Mike Souchak, the defending champion, and five of the eight former winners, led a field of more than 150 which opened play here today in the $12,500 Azalea Open golf tourney.

# Ave Would Okay Indoor Harness Track in NY

Albany, N. Y., March 28 (AP)— Gov. Harriman says he can "see no reason now" why he should not approve a proposed indoor harness racing track in New York city, if the Legislature authorizes it.

The bill for the 25-million-dollar "Olympic City" came up for action in the Assembly today, bolstered by this indirect boost from the governor at his news conference yesterday.

**Backed by Sports Groups**

Passage of the measure was recommended by the powerful Assembly Rules Committee, headed by Speaker Oswald D. Heck.

Backing the bill is the greater New York Sports Arena Inc. The group's general counsel, Franklin D. Roosevelt Jr., has been promoting the legislation here.

**Consider Two Locations**

The enclosed arena would be built in the Bronx or Queens. Harness racing would be authorized yearly from Dec. 1 to March 31. The prolts would go toward paying off construction costs.

The legislation would give the track operators 10 per cent of the pari-mutuel betting receipts during the lifetime of construction bonds—up to 33 years. The share of present harness tracks begins at 10 per cent and tapers to four per cent as wagering increases.

New York city would be authorized to impose a 30 per cent tax on admissions.

**Other Bill Marks Time**

Meanwhile, another racing bill was marking time in the Senate because of the legislative "aging" process.

It is a revised version of a bill that would give the state's four thoroughbred tracks a bigger slice of the betting receipts.

Originally, the additional revenue would have been an estimated 100 million. The amended bill cuts this to about 40 million.

The Senate cannot act on it until tomorrow, at least, because the mended version has not been on the desks in printed form for the required three days.

The measure is backed by the Greater New York Assn., a nonprofit group that operates the four flat tracks.

The association says it will use the money for a construction and renovation program it holds is necessary to allow New York to compete with out-of-state tracks for business.

## Bombers Need Punch

St. Petersburg, Fla., March 28 (AP) — Even the return of Bill Skowron to the lineup has failed to produce added batting punch for the Yankees. Showron, who broke his thumb two weeks ago, singled twice in his first game since the injury against the Cards yesterday. But the Yanks bowed 1-0 to extend their streak of scoreless innings to 20.

*Joey Screams*

# Giardello Drops Split Decision

Kansas City, March 28 (AP)— Middleweight Joey Giardello's anguished howl of protest at ringside after dropping a 10-round split decision to Willie Vaughn last night drew more attention than their dull bout.

Giardello did not go unseen, or unheard. A national television audience caught part of his act, after which two members of the Missouri Athletic Commission said a "no decision" would be declared today.

**New and the Old**

"Unfortunately, the judges were using the correct system of scoring and the referee was using the old system," Commissioner Charles W. Pain of St. Louis explained.

He and Commissioner C. G. Arnold of Kansas City were to confer with Commission Chairman Floyd Jones of Springfield, Mo. Jones would make the formal "no decision" announcement, they said.

Their attention was called to the scoring mixup by co-promoters John Antonello and Frankie Gatto, who informed Gatto, who also informed Giardello's corner.

**Officials on Ropes**

The Philadelphian, reacting more quickly to this opening than he had to those presented by Vaughn, touched off a rhubarb over the judges table and soon had the officials on the ropes.

Giardello's manager, Frank Carter, threatened on the spot to take the matter to court. It would be nothing new for Giardello. He went to the courts in 1953 to re-win a decision from Billy Graham. Robert Christenberry, then New York State Athletic Commission chairman, took over the judges cards at ringside and alterations were made giving the fight to Graham. Giardello sued and the State Supreme Court upheld him.

**System Is New**

Involved last night was a newly-adopted but not previously announced Missouri scoring system. Giardello and his seconds challenged Referee Ray Sossom's card which scored 52 points for Vaughn, 48 Giardello.

A check disclosed Sissom had not followed the National Boxing Association "5-point-must" scoring system, adopted by Missouri and had, instead, scoring five rounds of the fight under the old rule. It awarded up to 10 points per round.

Under the "5-point-must" system, no one fighter in any round can be given more than a maximum of 5 points. The loser can be awarded four or less. An even round is scored 5-all.

**Joey Isn't the Same**

On his scorecard Sissom gave the winner of the second, fifth, sixth, seventh and ninth rounds six points instead of five. It was these rounds Giardello and Carter protested.

As a result of Giardello's challenge, the referee's card was officially changed to read 47-45 in Vaughn's favor.

At this point Carter delivered his threat of litigation, adding:

"If Sissom didn't know the scoring system he shouldn't have been in the ring."

The Hollywood negro, a 5-to-1 underdog, carried the fight to Giardello all the way, and in the fifth bloodied Joey's brow over the right eye. Giardello was never the same afterward. He worried, going into frequent clinches in order to protect the cut.

Judge Frank Brown scored the fight 47-45 for Vaughn and judge L. D. Robbins gave it to Giardello 47-41. The Associated Press card had it 48-45 for Vaughn.

# Over 200 Attend Final Lutheran Mission Briefing

More than 200 laymen and pastors from 20 Lutheran Churches in the Mid-Hudson Valley attended the final briefing session this week in preparation for the Lutheran Evangelism Mission April 28 through May 2, according to the Rev. Paul E. Henry, chairman of the Mission and pastor of St. Paul's Lutheran Church in Red Hook.

The session, held in Red Hook was attended by the evangelism committees from the local churches, who were given intensive instruction in the various areas of Evangelism.

**Group Sessions Held**

The smaller work sessions included instructions for: congregational chairman by the Rev. Walter E. Bock of New York, district director for evangelism of the United Lutheran Church in America; prayer committees by the Rev. Harold C. Norris of Ancram; finance committees by Allen H. Uhler of Catskill; lay-visitors committees by the Rev. John N. Campbell of Elizaville; hospitality committees by Mrs. Charles Gippert of Saugerties; publicity committees by the Rev. Richard I. Crossland of Saugerties; music committees by the Rev. Erwin S. Jaxheimer of Rhinebeck; and telephone committees by Miss Margaret Gippert of Saugerties.

At the conclusion of the training sessions the group came back together for brief outlines of the plan for area commissioning services Sunday, April 28 at 3 p. m. in Kingston and Hudson and also the Mission to Pastors, which will be held each morning from 9:30 to noon, April 29 through May 3. The Rev. William Fuhlbruck of Poughkeepsie and the Rev. Paul M. Young, Jr., of Hudson made these presentations.

The Rev. Walter E. Bock addressed the gathering and pointed out that, "we can try all the tricks and the gimmicks imaginable, and we can study every evangelism manual published, but in the end, true evangelism is personal witnessing" He challenged the 20 'evangelists' from the Mid-Hudson Valley to go forth into their communities to tell the good news of what Jesus has done for them.

Pastor Henry pointed out, that now the mission really begins as the congregations begin their period of prayer preparation, followed by a visit to every member of the congregation asking for their prayers, their attendance and their willingness to invite their un-churched relatives, friends and neighbors to help. April 27, 20 guest missioners from six states will arrive in the valley to begin the series of special services which will be held in every Lutheran church in the Mid-Hudson Valley, Sunday morning and each evening, Sunday through Thursday. During that week the visiting will continue, but this time it will be to the unchurched of the community.

Pastor Henry said, "Although the end result of the more than 175 missions that have been held across the country in the past year has been more members, more people committed to Jesus Christ, the real fruit of this Mission will be the new life, the new spirit, the new joy, that will come into the life of each congregation, as people, just ordinary people that walk the streets every day, go up and ring a door-bell and ask, 'Will you come with me?"

# Former Honor Policeman Asked About Gang Link

New York, March 28 (AP)—A one-time honor policeman was being questioned today in connection with a bandit gang operating in Queens and on Long Island.

Seized yesterday was James T. Ryan, 31, of (34-48 Crescent avenue) Astoria, Queens, recently fired from the police force which he joined in 1947.

**Decorated Four Times**

Ryan had been decorated four times, once for meritorious police work and three times for bravery.

Police Inspector Raymond V. Martin said last night that the gang had been linked with a $11,000 payroll robbery, an abortive attempt to rob a Queens physician, and the theft of an auto and license plates. Martin said five loaded guns also were seized.

Being questioned with Ryan were John O'Connell, 37, of (82-15 Britton street) Elmhurst, Queens; Michael Paccione, 39, of (5 Seville Ct.) Elmont, N. Y., and James De Berry, 38, of (62-59 108th street) Forest Hills, Queens.

**Acquitted, Fired**

Last December Ryan was acquitted by a Queens county court jury of a charge of kidnaping an Astoria businessman and stealing an $1,800 payroll from him on March 23, 1956. Despite the acquittal, Ryan was fired from the police force.

O'Connell, a tavern owner, was sent to jail in 1955 for three months for contempt of court. Police said O'Connell refused to tell what he allegedly knew about the $312,000 robbery of the Woodside, Queens, branch of the Chase Manhattan Bank in April, 1954.

Paccione, a truck driver, has been free on bail pending federal action on a counterfeiting charge.

De Berry was identified as the older brother of William De Berry, 32, currently serving time in Sing Sing prison after conviction on a forgery charge.

Police said they seized Ryan and Paccione as they started to enter a car on a Queens street. Authorities said the car had been stolen from Hollis, N. Y., Queens, 10 days ago. They also said the license plates on the car likewise had been stolen.

Authorities contend that Ryan and the De Berry brothers, in a "job" allegedly plotted by Ryan, tried to rob Dr. Joseph Brodie of (165-02 35th avenue) Flushing, Queens, at his home last Jan. 24. The intruders fled empty-handed when a maid's cries for help attracted passersby.

Ryan and O'Connell were being questioned about a $11,000 robbery March 18 of Joseph Scibeli of (826 Monroe street) West Hempstead, N. Y., and Stephen Leser of (150-35 87th Rd.) Jamaica, Queens, payroll messengers for the Jamaica Tobacco Co. (95-09 Sutphin Blvd.).

**Matter of Opinion**

Milwaukee (AP) — The city of Milwaukee has lowered the boom on a "float" exhibited by students at a local engineering school. The "float" is a huge construction crane, with a 120 foot high boom, set up between the two lanes of busy Kilbourn avenue near downtown Milwaukee. At first, nobody at City Hall knew what the crane was doing there or who authorized it. Then a public works official discovered a common council resolution passed last October, in which the school was authorized to erect a float at the site during National Engineering Week. "A float, I would say is something about 10 feet high," the official said. "In the future, we'll ask the school what kind of float it expects to build."

# Oscar Delights Ingrid; Brynner, '80 Days' Chosen

Hollywood, March 28 (AP)—Ingrid Bergman who exiled herself from Hollywood eight years ago amid scorn and scandal said today that she is "delighted and very happy" that the movie industry has given her its highest honor.

The 42-year-old Swedish star won the Academy Oscar at its 29th annual awards presentation last night. The gold award was for her portrayal of the bewildered pretender princess in "Anastasia."

Yul Brynner won the top-actor award for "The King and I" and "Around the World in 80 Days" was acclaimed the best picture of 1956.

**Malone, Quinn Named**

Miss Bergman, in Paris, could not at first be reached when the news that she had won her second Oscar arrived just before dawn. Later, she expressed her delight and said she was especially glad that Brynner had received an award. She said, "we became very good friends" when they co-starred in "Anastasia."

Winners of supporting-player awards were Dorothy Malone, as a sexy Texan heiress in "Written on the Wind," and Anthony Quinn, as eccentric artist Gauguin of "Lust for Life."

Ingrid was the wife of a Beverly Hills surgeon and the mother of his daughter when she went to Italy and became the mother of a child by Italian Director Roberto Rossellini and later his wife.

**Grant Accepts Award**

"Anastasia," which marked her return to American films, had a European locale. Miss Bergman had asked onetime costar Cary Grant to accept her Oscar in case she won.

Doing so gracefully, he sent her "our congratulations, love, admiration and every affectionate thought."

She won an Oscar in 1944 for "Gaslight."

A top studio executive who asked not to be identified said last night that he tried five years ago to cast Miss Bergman in a film, but encountered so much industry pressure he had to drop the plan.

"Now that Hollywood has awarded her its highest honor," he added, "I know that all is forgiven, that she will be welcomed back to Hollywood by the industry—and, I'm sure, by the public."

**Other Winners**

Other awards went to:

George Stevens, best-director for movie "Giant."

"King and I," most awards, six.

Song, "Que Sera, Sera," (Whatever Will Be, Will Be,") written by Ray Evans and Jay Livingston.

Best foreign film, "La Strada."

George K. Arthur, best two-reel short subject, "The Bespoke Overcoat."

## *Regards Oscar Final Pardoning*

Rome, March 28 (AP)—The newspaper Paese Sera calls last night's award of an Oscar to Ingrid Bergman "a final pardoning" by Hollywood for her romance and marriage to Italian director Roberto Rosselini.

"The American press," the paper said today, "had given signs of an amnesty that has now become complete."

## Journalist Convicted

Karlsruhe, Germany, March 28 (AP)—A German journalist was convicted today of treasonable relations with Communist East German authorities. Werner Fischl, 59, of the the former German news agency Europapress, was sentenced to six months in prison by a federal court. The indictment charged that Fischl, once chief prosecutor of the East German district of Halle, came to West Germany in 1954 to re-open Europapress as a camouflage for espionage work. The agency ceased operations in 1942.

## Suspect Is Arrested

Key West, Fla., March 28 (AP)—James H. (Ricky) Richardson, 25, sought since Monday for questioning in the strangulation death of divorcee Vickie Candoni, was arrested today aboard a shrimp boat off Key West. The husky tattooed youth offered no resistance when Lt. Joseph Cerezo of the Key West police and sheriff's Deputy Gene Fealey seized him and took him to Monroe county jail. Fealey had traced Richardson to a shrimp boat and the Coast Guard located the boat over shrimp beds off Key West.

## Found Jackpot

Des Moines (AP)—When workmen drained the display pools following the 1957 Des Moines Home and Flower Show they found more than 2,400 coins. The money, which totaled $52.50, apparently had been tossed into the pools for no reason except that people like to make a splash. It was turned over to charity.

## Vacation Church School Parleys Slated in Area

A series of vacation church school coaching conferences — two in Ulster county—is being planned for Methodist leaders in the New York Conference who will assist with summer programs.

Sponsored by the board of education under the director of the Rev. Howard D. McGrath, executive secretary, the programs will include filmstrips, book displays and demonstrations of practical techniques.

The conferences are scheduled as follows:

March 30 at 10:30 a. m. in Ellenville; March 31 at 2 p. m. in Stamford; April 7 at 2 p. m. at St. James Church, Kingston; April 28 at 2 p. m. at Croton-on-Hudson and May 11 at 10:30 a. m. in Pine Plains. A June meeting will be held in New York city in cooperation with the Protestant Council of New York city.

## The Weather

**THURSDAY, MARCH 28, 1957**

Sun rises at 5:49 a. m.; sun sets at 6:15 p. m., EST.

Weather: Fair.

**The Temperature**

The lowest temperature recorded on The Freeman thermometer during the night was 39 degrees. The highest figure recorded up to noon today was 51 degrees.

**Weather Forecast**

**NEW YORK CITY:** Mostly fair this afternoon and warmer than yesterday with some variable cloudiness. Highest temperatures this afternoon well up in the 50s. Clear tonight with seasonably cool temperature; the low tonight in the city proper near the 35 degrees level and 30 to 35 in the suburbs. Friday continued mostly fair with temperatures about the same as today.

West to northwest winds this afternoon at times variable. Velocities averaging five to 15 miles per hour variable. Variable winds tonight and Friday; velocities tonight about five mph and increasing to five to 15 mph Friday. Visibility better than five miles today and Friday with some lowering of visibility tomorrow morning due to haze and patchy fog to about two to three miles.

**OUTLOOK:** Saturday partly cloudy with seasonable temperatures. Sunday mostly fair and somewhat cooler.

FAIR AND WARMER

**EASTERN** New York: Sunny with moderate temperature this afternoon. Fair and cool tonight. Continued sunny and mild Friday. High temperature this afternoon in mid and upper 40s in the north and west and 48 to 55 in the southeast and several degrees higher Friday. Low temperature tonight in the 20s except ten to 20 in the mountain valleys.

## Spring Weather Over Most of U. S.

By The Associated Press

Early spring weather was nearly normal in most of the nation today.

There were a few wet spots and cloudy skies and a little cool weather in some northern areas. But no severe cold or stormy weather was reported.

The precipitation in the northeast areas, diminished during the night to light showers in eastern Pennsylvania and eastward to the coast.

**Storms Diminish**

Thunderstorms which rumbled across the southern plains yesterday also diminished as they moved eastward. However, thunderstorms hit areas in eastern Texas during the night. Mostly light showers extended through Arkansas into western Tennessee. Heaviest falls were more than one inch. A shower belt during the day was indicated from eastern Texas through Alabama.

Showers were in prospect on the west coast through northern California and northward. Snow flurries were expected in northern Minnesota and showers in northern Iowa and Illinois and most of Wisconsin.

The only widespread temperature change was in the west where readings were about 10 degrees higher than 24 hours earlier from the coast eastward through Idaho and southward through Nevada and California.

### Temperature Table

## Gould to Speak In Behalf of UJA

Lawrence R. Gould, New York city attorney and chairman of the Speakers Research Committee for the United Nations, will speak in behalf of the United Jewish Appeal tonight at 8 o'clock at Jewish Community Center, 265 Wall street.

The Kingston United Jewish Welfare Fund opened its 1957 initial gifts division campaign this week with a total of $13,990 for the regular drive and $5,800 for the Emergency Rescue Fund.

### Charge Dismissed

Cheyenne, Wyo. (AP) —A railroad engineer can't be cited for careless driving of a locomotive in Cheyenne. That's what Municipal Judge Maxwell Osborn ruled in dismissing a careless driving charge against John Elliott and F. H. Singleton, engineer and conductor of a train which had collided with an automobile. An attorney for the railroad men argued that the city ordinance on careful driving applies only to "vehicles" and cited another statute which specifically exempts locomotives from being classed as "vehicles."

# World News in Brief

### *Makarios Is Freed*

London, March 28 (AP)—Britain freed Archbishop Makarios from exile today after he called on the Cypriot EOKA underground to cease operations in its campaign to unite Cyprus with Greece.

The archbishop based his call to the EOKA underground on the condition that Britain "will show a spirit of understanding by abolishing simultaneously the present state of emergency" on the strife-torn island.

Colonial Secretary Alan Lennox-Boyd told the House of Commons that although this was "not the clear appeal" against violence which had been sought, the archbishop would be freed immediately.

### *Missionary Released*

Tokyo, March 28 (AP)—Peiping radio announced tonight that the Rev. Fulgence Gross, a Roman Catholic missionary from Omaha, Neb., had been released in Shanghai after six years' imprisonment and house arrest on syp charges.

Father Gross, a member of the Franciscan order, was released a day ahead of the completion of his sentence. He was arrested March 29, 1951.

A Lutheran missionary, the Rev. Paul A. Mackensen of Baltimore, Md., was released earlier this month on completion of a five-year sentence. He said he would remain in China to observe conditions there if he could find work to do.

### *Ike Plans Appeal*

Washington, March 28 (AP)—President Eisenhower reportedly plans a direct personal appeal to congressional leaders for bipartisan support of his beleaguered $4,400,000,000 foreign aid program.

Sen. Knowland of California, the Republican leader, said he expects Eisenhower to call a White House conference in advance of submission of a special foreign aid message in the next two or three weeks.

### *House Approval Due*

Washington, March 28 (AP)—Only House acceptance of a Senate amendment was needed today to complete action on a bill to extend three billion dollars of annual business taxes to July 1, 1958.

The House was expected to act during the day, to accept the 15-month extension voted by the Senate rather than the one-year limit it had passed.

Quick House action was necessary to get the measure to President Eisenhower before the April 1 deadline. The bill must be signed into the law by Sunday, or the rates on corporation income and excise taxes will drop automatically Monday.

## British Cabinet Is Summoned in Wave of Strikes

London, March 28 (AP)—Prime Minister Macmillan summoned his cabinet today to discuss two major strikes threatening Britain's hard-won economic recovery.

Employers and the striking unions meanwhile squared off for what looked like a prolonged slugging match, but the employers were still meeting to decide whether to negotiate directly with strike leaders.

The Confederation of Shipbuilding and Engineering Unions (CSEU) went ahead with plans to call out another 500,000 engineering workers on Saturday from London area factories producing aircraft, machine tools, and electrical and atomic equipment.

**Million Men Out**

A million men already are out in the engineering workers' strike and the union threatens to call out another 1½ million by April 6, closing down 4,300 plants which turn out 40 per cent of Britain's exports.

In the other strike, 200,000 shipyard workers—also controlled by the CSEU—have kept the nation's 270 shipyards at a standstill for 12 days and stopped work on 300 ships.

The factory employers meanwhile spent 30,000 pounds ($84,000) on a massive campaign of newspaper advertising to put their side of the dispute before the public. They also suspended an agreement guaranteeing a minimum four-day week to workers still not affected by the "snowball" industrial strike.

Hurricanes form over warm water, fizzle out when they move over cold water.

### Pickle Twist

A new twist-off cap is being adopted by pickle and preserve packers so that the closure may offer lasting protection, plus new convenience.
